

# YOUR HOME IS MORE THAN JUST A HOME

With over 20 years of successful performance, it's easy to see why the LP® SmartSide® brand is one of the fastest-growing brands for siding materials in the U.S. LP has redefined traditional building materials with treated engineered wood products that are designed to offer game-changing durability, beauty and workability.

## Bring beauty to your home

Re-siding your home is never an easy or a simple decision-but ultimately a very rewarding one. Whether you do it to increase the value of your home, to complement your new windows or simply to reduce exterior maintenance, beautiful LP® SmartSide® treated engineered wood siding can completely transform your home's appearance.

- Pre-primed for optimal paint adhesion
- No efflorescence
- Realistic woodgrain texture
- Longer lengths may mean fewer seams for better aesthetics
- Created with the renewable resource of wood, procured using processes certified by the Sustainable Forestry Initiative (SFI®)
- The LP SmartSide Siding 5/50 year limited warranty\* is longer and covers more than most fiber cement product warranties

\*For complete warranty details visit [lpcorp.com](http://lpcorp.com)

## Built to Last

Your home is the place where you experience some of your favorite moments and memories. And it's a place you want to keep looking beautiful for as long as possible. LP® SmartSide® treated engineered wood siding is designed to hold up to tough weather elements as well as withstand impact from airborne debris and everyday bumps.

- LP SmartSide limited warranty\* also includes damage from hail
- LP SmartSide Lap Siding products are more resistant to impact damage from common projectiles like golf balls and baseballs than fiber cement products
- Resists damage of freeze-thaw cycles
- Even with moisture and humidity SmartSide resists fungal decay

## Naturally Sustainable

The LP® SmartSide® manufacturing process begins with wood, a renewable resource, grown and gathered under strict Sustainable Forestry Initiative® standards. We source fast-growing trees and use 99% of the log for either the product or the fuel to make it. Plus, all binding agents and resins are low-emitting and safe for children and pets.

- Responsibly made with a renewable resource - wood
- 99% of the log is used
- No added formaldehyde
- Qualifies for green building programs
