

NO.7344 INSTALLATION INSTRUCTION

Please Scan the QR code to watch the installation video.

If you have any questions, please feel free to contact us through the order page.

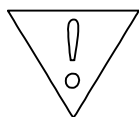

Please follow the steps 12345 shown on the picture to install.

Installation Steps:

- 1.Install the mounting bracket.
2. Remove the protective film from the surface of the light fixture. Avoid using knives or sharp tools to prevent scratching the fixture or damaging the wire insulation.
3. Adjust the hanging height as needed.
4. Test circuit: Connect the power wires with a temporary wire to test if the light is working properly before installing it to the ceiling.
5. Installation:Attach the lamp body to the mounting bracket, and connect the power wires with the connecting terminals.
6. Turn on the power and double-check; the installation is complete.

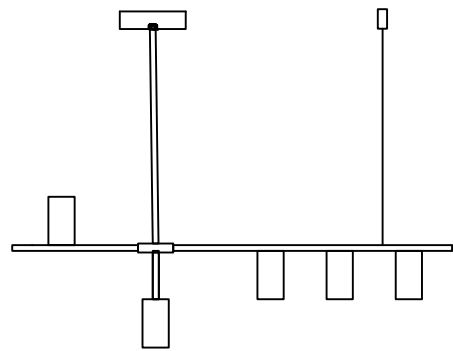

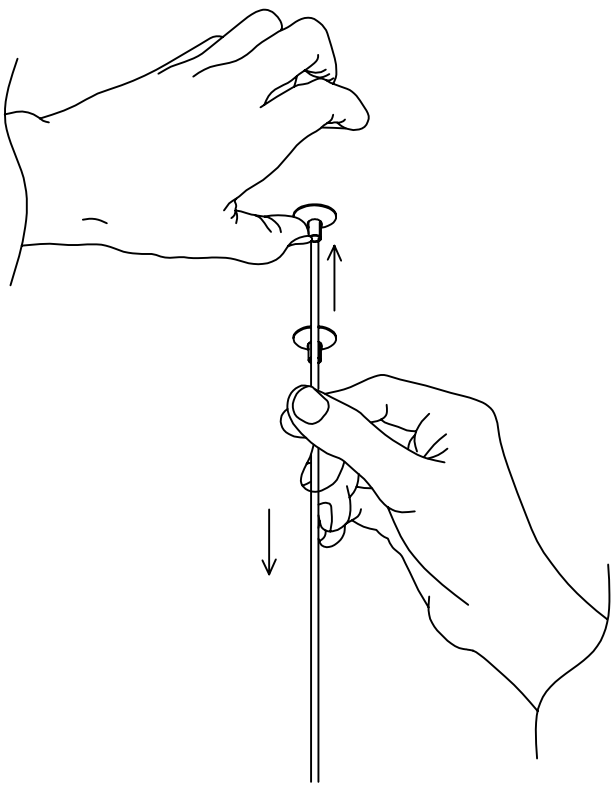

Warning!

- 1.Installation should be performed by a professional.
- 2.This light fixture operates within a 110V to 265V range only.
- 3.Do not install the light fixture in damp conditions.
- 4.To prevent electric shock, please turn off the power before installing, repairing, or cleaning the light fixture.
- 5.Keep the light fixture away from acidic and corrosive materials.

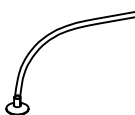

Installation Tips

While the installation process is straightforward, it is recommended that two individuals collaborate. This ensures efficient assembly of components and optimal safety when mounting to the ceiling.

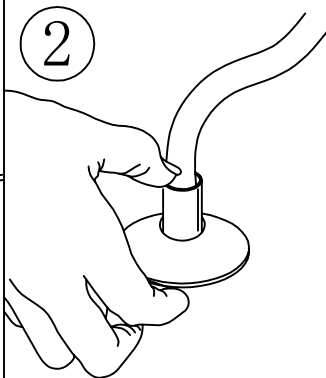

The length of the suspension wires are adjustable. Press and hold the buttons to raise or lower the height of the light fixture.
