

Cabo

Cabo

24" x 48" x 1/4" | 5 lbs. | 80% Privacy | Espresso or Charcoal

Bold design versatility

Cabo is bold and full – a well-defined, broad pattern offering striking contrasts inspired by the unique clusters of palm trees found in Cabo San Lucas, Baja California.

An **80% privacy rating** enhances the versatility of this pattern.

Uses: Decorative wall features, wall cladding, planter boxes, bench seats, yard fences, utility & bin enclosures, fence extensions, privacy screens

MODINEX Decorative Modular Panels

- Durable, sustainable Wood-Poly Composite (WPC) made from FSC-certified wood fiber
- No sealing, painting, or maintenance required; accepts paint and finishes smoothly
- Resistant to water, mold, mildew, and termites

Easy to Install

- Similar to timber – easy to drill and cut to size
- Installs with standard woodworking tools and methods
- Attachment options: wood screws, decking screws, or exterior-grade adhesive
- Easily mounts to a hardwood stud frame
(MODINEX is not a freestanding structural product. Panels must be mounted on a frame or an existing flat surface or structure, with fasteners every 12" on all 4 sides.)

Panel Installation Options

Installation examples are recommended options. If in doubt, consult a professional.

Install MODINEX Panels according to instructions or the warranty will be void. Find installation videos and instructions at modinexp.com or by clicking the **Instructions/Assembly** link in the "Info & Guides" section above on this page.

24" x 48" Standard Panel Series

- Our most versatile format
- Panels are easily installed using standard woodworking tools and methods
- Typical project size: 12-24 panels
- 24" and 48" standard sizes are ideal for: Decorative wall features, yard fences, planter boxes, bench seats, utility and bin enclosures, fence extensions, privacy screens

Some Modinex patterns have directional characteristics, while others have symmetrical designs. Panels can be installed in any orientation to create unique effects or continuous themes.
