Absorbs up to 6X
its weight in water
and expands to
provide better
coverage.

Fertilizer:
Exclusive controlled
release technology
feeds to promote the
growth and
establishment of St.
Augustinegrass.

3 STEPS TO SUCCESS!

1. PREP • PREPARE

Prepare the area where you want to establish new plug plants or repair bare areas (where gaps between live plants are 12" or less) by removing dead grass and loosening hard soil.

Prepare el área en donde quiere establecer plantas de almáciga nuevas o reparar las áreas ralas (donde los espacios entre las plantas vivas son 30.5 cm o menos) eliminando el césped muerto y aflojando la tierra dura.

2. APPLY • APLIQUE

Evenly apply EZ Patch Lawn Repair so the area is covered and no bare ground is visible. Use half as much for thin areas.

Aplique EZ Patch Lawn Repair de manera uniforme para cubrir toda el área, sin dejar nada de tierra a la vista. Use la mitad en las áreas ralas.

3. WATER • RIEGUE

A deep and thorough initial watering is the key to success. Gently water the area until EZ Patch Lawn Repair is completely saturated and no more water is being absorbed (this may take several minutes). Avoid pooling water. When EZ Patch Lawn Repair begins to turn light brown, it's time to water again.

Un buen riego inicial a fondo es la clave del éxito. Riegue el área con cuidado hasta que el EZ Patch Lawn Repair esté completamente saturado y ya no absorba más agua (esto puede tomar varios minutos), pero evite que se formen charcos. Cuando el EZ Patch Lawn Repair empiece a adquirir un color café claro, es hora de volver a regar.

Scott's® EZ Patch™

Lawn Repair for St. Augustine Lawns 2-0-0

GUARANTEED ANALYSIS

Total Nitrogen (N)..... F643 2%

2% urea nitrogen+

Derived from polymer coated sulfur coated urea

+ The nitrogen has been coated to provide 1.10% slow-release nitrogen (N)

Only apply to actively growing turf. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn.
