

ASSEMBLY INSTRUCTIONS

CAUTION

◆ Inspect the wire insulation for any cuts, abrasions, or exposed copper that may have resulted during shipping. If there is a defect in the wire, do not attempt installation.

◆ Before starting installation of this fixture or removal of a previous fixture, disconnect the power by turning off the circuit breaker or by removing the fuse at the fuse box.

EXPLODED PARTS

INSTALLATION

STEP 1

Unscrew the **ball nuts A** from the **mounting unit**. Use the **mounting screws** to attach the **mounting unit** to the junction box.

STEP 2

Attach the **iron rack B** onto **bracket A** using **screws**.

STEP 3

Attach the **bracket B** onto **iron rack B** using **ball nut B**.

ASSEMBLY INSTRUCTIONS (INSTALLATION)

STEP 4

Attach the **fixture** onto **bracket B** as shown.

STEP 5

Screw the **stem E** into the **fixture**.

STEP 6

Attach the **bracket B** into the **iron rack B** and **fixture** as shown.

STEP 7

Adjust arms to proper position.

STEP 8

Attach the **iron rack A** onto the **iron rack B** and **bracket B** using **ball nuts B** as shown.

STEP 9

Place the **cover** onto the **iron rack A**, then secure with **decorative nut**.

STEP 10

Install **stem** connecting the upper and lower ends of the lamp body.
Install **stems (A~D)** based on the desired length of the item on the **fixture**, adding **canopy** one finished.

STEP 11

Make the electrical connection from the junction box to the **fixture**. Connect the ground wire to the **mounting unit** using the preinstalled green ground screw. Then, connect the positive, negative and ground wires with the supplied **wire nuts**. Secure with electrical tape.

STEP 12

Secure the **canopy** to the **mounting unit** with the **ball nuts A**.

STEP 13

Install bulb (not included)
