DeerValley Toilet's Use & Care Manual

DeerValley®

OVERVIEW

- Our DeerValley toilets are made from premium seamless ceramic material, which are guaranteed to be stain-resistant and scratch-resistant, will not easy to harbor bacteria after daily use. But as with any toilet, they require full cleaning with soapy water at least once a week to get more hygienic use experience.

CARE & MAINTENANCE

✓ Your toilet should be cleaned at least once a week. Always use a soft sponge cloth, and mild soap.
✓ Check regularly for leaking. If your toilet is leaking, please wipe up the water with a towel. Check the underside of the toilet. If it is wet, tighten the fill valve and tank bolts. Check the wax ring. If it is wet, replace it.
✓ If your toilet developes any type of discoloration, using a mild abrasive, such as baking soda, will have your toilet looking brand new again.
✓ Remove and clean the bowl to prevent stubborn stains.

PERIODICALLY

CLEAN TOILET WITH
MILD ABRASIVE

NEVER

X Avoid using chlorine or chemicals, as it can cause damage to your toilet's components.
X Avoid leaving household cleaners or blench in the toilet bowl for a long time, as they may ruin the glaze of your toilet.
X Avoid forgetting to clean the toilet seat as it is the place where the most contact with our skin and is easier to harbor bacteria at the same time.
X Avoid flushing with the toilet lid open as the high air flow of the toilet during flushing can bring germs and microorganisms into the air.
X Avoid using a toilet brush to clean the toilet seat and the outside of the toilet, as this may spread germs in the bowl to the rest of the toilet;
X Avoid freezing crack damage to the toilet in winter, please fully drain the water of the toilet, put the antifreeze into the toilet tank and keep the toilet in indoor when the toilet is not in use for a long time in winter.
