Version: A
Release Date:
2017-06-27

MAINTENANCE AND CARE:

Disconnect the product form the power supply before cleaning or maintenance.

⚠️ SAFETY INFORMATION

1. This luminaire must be installed in accordance with National Electrical Code and local electrical and construction regulations. To assure full compliance with local codes and regulations, check with your local electrical inspector before installation.

2. To prevent electrical shock, turn off electricity at fuse box before installation.

3. Do not exceed product specified luminaire voltage. Any other source will void warranty.

4. Do not install if luminaire, parts or connectors are damaged.

5. Product must be installed with provided drivers and housings only. Use of other manufacturers' components will void warranty.

Warning:

This product contains chemicals known to the state of California to cause cancer, birth defects, and/or other reproductive harm. Thoroughly wash hands after installing, handling, cleaning, or otherwise touching this product.

1.- Align and attach plate to junction box. (Plate must be firmly secured against ceiling).

2.- Connect wire mains line wires to correct wires from luminaire:

(Green or bare copper wire from junction box

to ground wire from luminaire,

white wire from J-box to white wire from luminaire

or neutral labeled wire.

Black wire from J-box to black wire from luminaire or wire labeled line.

3.- Apply a bead line of caulking around the inside perimeter for wet locations.

4.- Insert fixture into mounting plate aligning its clips with the mounting plate openings and pushing upwards while being careful not to pinch the wires.
