

CENTER MARK™

US PATENT #6,708,421 WITH MAGNETIC POWER

MAGNETIC DRYWALL CUTOUT TOOL FOR RECESSED LIGHTING

Model 8110

Perfect Drywall Cutouts For Recessed Lighting With NO Measuring!

Hang it once, cut it right! You'll never have to measure and cut, and measure and re-cut again. Unlike "press-to-mark" drywall marking methods, you only have to lift drywall into place one time using **Center Mark**!

Perfect for first-time DIYs or the experienced handyperson, the **Center Mark** recessed light fixture openings locators use powerful rare-earth magnets to help you accurately locate and cut electrical outlet access holes in drywall. Use it to cut out 4", 5" or 6" recessed light fixture openings.
