#### PRODUCT CARE

To clean a bamboo cutting board:

1. Hand wash your board under warm water and scrub it with a sponge.
2. Sanitize or disinfect your board from time to time. Soak a cloth in a solution of half water, half white vinegar, then wipe both sides of the board.
3. Dry the board in a vertical position.
4. If you want to get your board back to "looking new" appearance, use bamboo finishing oil.

For best care of your bamboo cutting board, avoid:

1. Washing your board in the dishwasher.
2. Using hard chemicals, like bleach.
3. Soaking in water.

#### PERFECT FIT
