

Bunny Ears Cactus

Sunlight

Full sun to partial sun

Water

Minimal. Allow soil to completely dry out between waterings. Do not let plant sit in water.

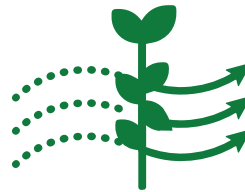

Pet Friendly

Non-toxic, but be careful of prickles

Mature Size

Height: 2-3'
Width: 4-6'

Air Purification

Good – removes multiple airborne toxins

Plant Hardiness

Outdoor: Zones 9-12
Indoor: ANY ZONE

Indoor Care Tips

Use a cactus or sandy mix in a well draining clay pot. Best re-potted in Summer. Do not mulch.

Outdoor Care Tips

- Plant in well-draining area; in-ground or a planter
- Bring indoors when temp goes below 45° F

Expert Advice

- Relatively pest resistant
- Tiny prickles - wear gloves
- Super easy to grow, just do not over water
