

CARE AND MAINTENANCE

Always use felt pads under all articles to prevent discoloration or softening of the lacquer. Plastic and rubber bases on items can discolor wood. Wipe up spill immediately and avoid common hazards such as hot dishes, harsh solvents and abrasives. Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish. On highly used surfaces we recommend applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depends on how much wear the furniture receives.

 **SAFAVIEH**
FURNITURE

Item Id : DSK 1402

Product Dimensions : 47.24" W x 23.62" D x 33.07" H

Weight Capacity : 145 lbs

**WARNING : DO NOT OVER TORQUE
BOLTS/SCREWS**

PREPARATION

Before beginning assembly of product, make sure all parts are present. Compare parts with package content list.

If any part is missing or damaged, do not attempt to assemble the product.

Estimated Assembly Time : 20 minutes.

Step 1

Put the table top upside down on the clear and smooth surface to avoid the surface scratch. Tight the leg at the table top.

Step 2

Insert the shaft (Minifix) inside the thread nut at the table top and top panel. Then, insert wood dowel inside the hole at the mid panel. Be careful with the table surface, make sure use a cover before doing this step.

PREPARATION

Before beginning assembly of product, make sure all parts are present. Compare parts with package content list.
If any part is missing or damaged, do not attempt to assemble the product.
Estimated Assembly Time : 20 minutes.

Step 3

Assemble all parts then tight them with the camlock (Minifix) using the Screw Driver.

Step 4

Put the back panel, then tight the back panel using the Nail.

PREPARATION

Before beginning assembly of product, make sure all parts are present. Compare parts with package content list.

If any part is missing or damaged, do not attempt to assemble the product.

Estimated Assembly Time : 20 minutes.

5

Step 5
