

Product Name:	Artificial Trees (6-7.5ft) with Metal Stands
----------------------	--

Thank you for purchasing this LuxenHöme product. This product has been manufactured with the highest standards of safety and quality.

PLEASE READ ALL INSTRUCTIONS BEFORE ASSEMBLY.

Unpack all parts from Styrofoam and bubble wrap inside the carton to ensure there are no missing or damaged parts. If any parts are missing or damaged, do not attempt to assemble or use the product.

CARTON CONTENTS:

Every carton should contain a top section and a bottom section (depending on the model), and base container.

Before You Start

1. Decide on an appropriate location for your product, please read assembly and instruction procedure carefully.
2. Retain the instructions for future use and save the carton for storing your tree.

Assembly and Instruction Procedure (no tools required for assembly):

Every carton should contain a top section and a bottom section (larger trees include middle sections).

This will depend on what model you have purchased. Also included is a metal stand for the base. Remove all packaging (i.e. cardboard or plastic) before beginning.

1. Choose a location where the tree is to be displayed. Take out the tree stand. Metal stand unfolds as a "X" shape as shown in Figure 1, place it on a flat surface.
2. Insert the pole with tapered end of the tree bottom into the tree stand and tighten the 3 screws on the stand.
3. Insert the middle tree section into the tree bottom and push down into position. (Note: This does not apply to trees with only 2 sections.)
4. Insert the treetop into the middle tree section and push down into position as shown in Figure 2.
5. Gently lower all main branches on tree sections (Figure 3). Take care not to place unnecessary pressure on the brackets when assembling. The branches on your tree can be adjusted to give tree the desired amount of fullness. For best results, straighten and separate all branch tips, then bend them slightly upward (Figure 4).

Warnings:

1. **WARNING - Risk of Fire and Electric Shock** – please follow instructions and warnings on string lights if adding lights to trees.
2. Do not place near fireplaces, candles, outdoor heaters, or other similar sources of heat. This item is not flame retardant.
3. Do not install near pools, fountains, tubs, sinks, or other areas of standing water that the tree may fall or blow into.
4. Keep wires clear of being pinched or cut during assembly or installation. Discard sets with cut or pinched insulation.
5. Make sure final assembly stable enough to hold the tree upright.
6. Do not use candles on tree. Use only with the string lights.
7. This product is for decoration use only. Not to be used by children as a toy. Keep out of reach of small children.

Storage:

1. Remove all decorations.
2. Starting from the top, carefully remove branches. Press the tips back up against the stem.
3. Place the branch sections back into the carton, putting the longest one on the bottom.
4. Store the product in a cool, dry location protected from sunlight where the temperature does not exceed 35°C (95°F).
