Designed to amaze. Crafted to endure.

Discover one of the most amazing luxury vinyl floors ever made. This floor recreates the look of natural wood and stone while providing outstanding durability and total waterproof protection.

Pergo DuraCraft® floors are 2x more durable than ordinary vinyl floors with a 22 mil high-performance wear layer. Plus, they're wear, fade, and stain proof and offer the ultimate in dent and scratch resistance. WetProtect® technology locks spills on the surface so water won't leak through the planks to damage the subfloor. And they're slip-resistant, even when wet. TruView™ technology creates a variety of realistic wood and stone looks with beautiful detail. They're perfect for homes like yours.

stone looks.

* Than ordinary rigid vinyl.

WATERPROOF + WATERTIGHT WORRY-FREE™

Patented WetProtect® technology offers a waterproof finish and watertight locking joints, which keeps liquids on the surface so they won't seep through to damage the subfloor below. Plus, Pergo® offers the only complete waterproof flooring system that comes with a **lifetime surface and subfloor waterproof warranty.***

For wall to wall waterproof protection, Project Source® quarter round for Pergo floors also features WetProtect technology. This paintable waterproof moulding is designed to cover the expansion space between the floor and the wall to provide a waterproof perimeter seal that adds an additional layer of protection for your subfloor.

WetProtect PRODUCTS

ORDINARY PRODUCTS

Did you know that a floor can be “waterproof” even if it doesn’t protect your subfloor?

Many waterproof floors only protect the surface of your floor, leaving your subfloor vulnerable to any water that leaks through gaps in the floor causing mold, mildew, or subfloor damage.

Project Source® waterproof quarter round can also be used to seal the perimeter for all floating floors available at Lowe's.

* See warranty for complete details.

It's tough, to be beautiful.

Wider planks create a stunning, spacious look.

Make your room look roomy by selecting wider or wider/longer planks. Wider planks mean fewer joint lines and a cleaner look. They give the illusion of more space in a smaller room and make larger rooms look more expansive.
