

SUNSHINE

ADVANCED

MIX #1

WHAT IS IT?

- An **advanced potting mix** for all types of containers including: Large and small container pots, fabric grow bags
- Recommended for both indoor and outdoor growing
- Contains **RESiLIENCE**® the silicon advantage-- which may improve resistance to wilting
- OMRI® listed for organic growing
- A **great value** for growers:
 - Compressed bale expands to 6 cubic feet
 - Fills up to (15) 3 gallon fabric grow bags or (7) 14" decorative pots*

Size: 3 CF

*This is a general guide. Measurements will vary based on the pot manufacturer and the grower's handling of the product.

Same quality ingredients used in our professional mixes

WHAT'S IN IT?

Coconut Coir
for optimal
drainage

+

Canadian Sphagnum Peat Moss helps plant retain moisture and nutrients for longer

+

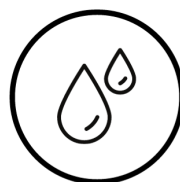

Perlite for excellent drainage and air space for root development

+

Mycorrhizae creates a symbiotic relationship with the plant's roots, helping to increase absorption capacity

+

Organic Wetting Agent helps the mix absorb and distribute water uniformly throughout the pot

+

RESiLIENCE® may improve resistance to wilting
