

Burgundy Rubber Tree Ficus

Sunlight

Low to bright indirect light.
Avoid direct sun.

Water

Keep soil moderately moist, but not soggy - do not let plant sit in water.

Pet Friendly

Sap can be toxic if ingested

Mature Size

Height: 6-10' (indoors)
Width: 24-36"

Air Purification

Excellent – removes multiple airborne pollutants

Plant Hardiness

Outdoor: Zones 10-11
Indoor: ANY ZONE

Indoor Care Tips

Use a bark based with peat, sand and perlite soil mixture in a well draining pot. Do not re-pot until necessary.

Outdoor Care Tips

- Plant in well-draining area; in-ground or a planter
- Bring indoors when temp goes below 60° F

Expert Advice

- Loves humidity
- Relatively pest resistant
- Best if kept in one location - do not change
