

# Circuit Tester

Tests circuits rated from 80 to 600 volts AC/DC. The high-impact, sealed 5-11/16" (144 mm) probes on long 24" (610 mm) leads are convenient for testing motors, fuses, relays, switches, etc. A professional grade electrical tester with the quality you expect from Klein Tools.

## Specifications

|                 |               |          |                 |
|-----------------|---------------|----------|-----------------|
| Overall Length: | 35" (88.9 cm) | Voltage: | 80 to 600 AC/DC |
| Lead Length:    | 25" (63.5 cm) | Weight:  | 2.4 oz (69 g)   |
