

PHILIPS

Motion sensor

Hue

Wireless installation

Automates your lights

Adjusts light to time of day

Mounts anywhere

046677570972

Automatically switches lights

Trigger your smart lights with movement. The battery-powered Hue motion sensor can be easily installed anywhere in your home.

Limitless possibilities

- Daylight sensor detects light
- Mount the motion sensor anywhere
- Customize motion sensor lights
- Requires a Philips Hue Bridge

Highlights

Daylight sensor

The Hue Motion sensor's integrated daylight sensor detects when there is still enough daylight so that lights do not turn on until you need them. If it's still too dark, adjust the light sensitivity of the sensor in the Philips Hue app to personalize when you'd like the motion sensor to activate.

Customize motion sensor lights

With the Hue motion sensor, you can customize the lights that come on and their intensity depending on the time of day. During the evening, set the motion sensor to trigger gentle night lights to guide you in the dark. During the day, trigger crisp white light to flood your halls.

Mount anywhere

The motion sensor for Philips Hue smart lights is battery powered and completely wireless, allowing you to install anywhere inside your home. Place it on a shelf, mount it to a wall or ceiling with a single screw, or place it on any magnetic surface with the included magnet.

Requires a Philips Hue Bridge

This product requires a connection to the Hue Bridge (not included).

Specifications

Design and finishing

- Color: White
- Material: Synthetic

Environmental

- Operational humidity: suitable for use in indoor
- Operational temperature: 0°C - 40°C

Extra feature/accessory incl.

- Portable: Yes

Guarantee

- 2 years: Yes

Product dimensions and weight

- Net weight: 0.14 lb
- Height: 2.26 inch
- Length: 1.18 inch
- Width: 2.16 inch

Service

- Warranty: 2 year(s)

Technical specifications

- Weight: 65 g
- Battery type: AAA – Bar battery, pencil

The switch

- Batteries included: 2 x AAA
- IP rating: IP42
- Minimal battery lifetime: 2 year(s)
- Mounting options: freestanding, wall
- Sensor depth: 20 mm
