Assembly Preparation

Before Beginning
Assembly:

• Read instructions, cover to cover-

• Have 2 adults on hand for assembly-

• Do not assemble on flooring or carpet-

• Assemble on a clean non-marring surface (packing foam)-

• Save all packaging until finished-

Assembly Preparation

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Use Gasket (1) to achieve stability

Install one of the Leg(D) at the bottom of the Chair(A) by placing one Gasket(①) on the threaded stem. Then insert the threaded stem into the threaded mounting position at a corner of the Chair(A). Tighten by turning the Leg clockwise until it is completely secure. Repeat the same step to install the remaining three Legs.
Note: The use of Gaskets is OPTIONAL and are especially useful to help alleviate slight wobbles. Some Legs may need more than one whilst some legs may not need any.

Step 2

Place the Chair in an upright position, then place the Back Cushion(B) and the Arm Pillow(C) onto the Chair as shown in the above picture.

Your Chair is ready for use.

This Chair can only be used on a flat, level surface.
