

## ***Caring for your doorbell ringer***

The protective coating on your doorbell ringer will last many years. You can extend the life of the coating by occasionally applying a car wax to your doorbell ringer.

Your doorbell ringer can be cleaned with a mild soap and water if needed. Do not use solvents, such as brass cleaners, as these can damage the protective coating.

## ***If you have questions***

If you have any questions regarding installation or other concerns about your doorbell ringer **please contact Michael Healy Designs directly** rather than the company from which you purchased it. Call us at 1-800-995-0988 or email [customerservice@michaelhealy.com](mailto:customerservice@michaelhealy.com). You can also chat with us on [www.michaelhealy.com](http://www.michaelhealy.com).
