

# IRWIN®

## 18 IN. WRECKING PRY BAR

The IRWIN® 18 in. 2-in-1 Wrecking Bar features an extra-large strikable surface providing more access when working in tight spaces and acts as a safe knuckle clearing handle when removing siding and other applications. The extended area allows for the bar to be able to pry stacked 2x4 blocks. Its forged spring steel construction adds strength and durability. The bar features multiple nail pullers for increased versatility.
