

Dimension: 2.75"w x 0.84"h

V-FSN-15

WATERPROOF STAIR NOSE

Used to finish the end of a step

*Overlap Installation

Always check dimensions of existing stairs, discuss with end user and make sure to keep records. Ensure that alternations to sub tread and addition of nosing maintains existing stair dimensions or is to code

Surface: Wear resistant Core Material: Rigid PVC

Carefully roll the stair nose into place against the front of the step, making sure the transition is in place. Once the transition is in its desired position, press down firmly over the entire stair nose, making certain the transition is in place and tight against the riser. For added security, use finishing nails.
