

KARONA™

MODERN VENTILATED PANEL INTERIOR DOORS

Uniquely designed for a modern aesthetic, Karona® Modern Ventilated Panel interior doors from JELD-WEN offer industry-leading continuous air flow with a sleek, routed design and Shaker-style flat panels that reflect today's architectural trends.

EXCELLENT PERFORMANCE

- Can meet residential and commercial codes (verify your local codes*)
- More than 2x airflow of other modern routed louver doors

See the door's performance in action here

STURDY CONSTRUCTION

- Angled CNC-routed slots sit flush with the panel
- Primed MDF material with dowel construction resists warping, cracking & splitting
- Available in both shaker style and MODA style joint profiles

LIMITED
LIFETIME
WARRANTY

*Every region has unique building code requirements for clean air flow. This product is suitable for most residential projects in all regions. Please consult your local building/planning office to ensure that code requirements are met within your project.
