- Please use Poker (provided) when handling.
- We do not recommend pouring water over the fire unless necessary. The fire should be allowed to expire on its own.

Care and Maintenance

This fire pit is a quality-built product and is made to last for many years.

The frame structure of this unit is made of powder-coated steel extrusion and should resist rusting under normal use. Should rusting occur, we suggest using a steel brush on the affected area followed by a spray coating of high temperature anti-rust paint.

For additional rust proofing of the bowl, grate and mesh lid we recommend that a coat of high temperature primer is applied before use.

You may cover the fire pit with a Protective Cover when the fire pit is not in use. Ensure the fire pit has completely cooled down before using the Protective Cover.
