LIMITED GROWTH & FLOWERING GUARANTEE

Garden State Bulb Co. (GSB) products are grown with the utmost care and are of excellent quality. For best results, follow the instructions included. Because our flower bulbs are natural products, we offer a 1 Year Limited Growth and Flowering Guarantee.

GSB's obligation under this Guarantee is limited to troubleshooting, replacing the product or missing pieces, or providing a gift certificate at GSB's discretion. All products for which a Guarantee claim is made must be received by GSB with sufficient proof of purchase.

This Guarantee does NOT cover improper handling, storing, weathering, failure to follow instructions, improper maintenance, damage caused by acts of nature (wind, lightning, snow, water, ice), or damage caused by improper use of the products—all of the above voids the product warranty. No other guarantee beyond that specifically set forth above is authorized by Garden State Bulb Co.

CARE INSTRUCTIONS

Let Garden State Bulb® be your secret helper this year! This bulb is the perfect blend of festive flair and effortless elegance, making it an ideal choice for holiday or Secret Santa gifts. Each bulb is encased in a sleek red wax coating that requires no watering, ensuring hassle-free growth.

BLOOM TIME 7-10 weeks after planting

LIGHT Bright indirect sunlight

MATURE HEIGHT 16-18" tall

BENEFITS No water or soil needed

TIP

As the stems grow, rotate the direction of the bulb occasionally to keep the stems from leaning towards the light.

NOTE: Protect all surfaces from product as scratching or staining may occur.

Care Instructions

This Amaryllis bulb is designed to grow and bloom without any additional care! Set your wax bulb on an even surface in a bright room with a minimum temperature range of 65-70° F. Keep blooming flowers out of direct sunlight to prolong blossoms. That's it - Enjoy your Amaryllis!

1-2 WEEKS

3-4 WEEKS

5-6 WEEKS

7-10 WEEKS

*TYPICAL REPRESENTATION, RESULTS MAY VARY.

FREQUENTLY ASKED QUESTIONS

Q. How long does it take for Amaryllis to bloom?

A. An amaryllis typically takes about 7 to 10 weeks to bloom.

Q. Where is the best place to put Amaryllis to grow indoors?

A. Place the amaryllis in a space where it can bask in abundant natural sunlight and warmth. As growth starts, remember to give the bulb a gentle rotation every few days. This practice will help promote the development of upright flower stalks. Once the bulb is flowering, relocate the plant away from direct sunlight.

Q. Do these wax Amaryllis bulbs need to be watered?

A. No, these wax Amaryllis bulbs do not need water or soil to grow.
