

Inside-the-Shower Bath Organizational Solutions Buying Guide

Organize your bath and maximize your storage with Kenney® Inside-the-Shower Bath Organization Solutions. Whether you are looking for storage for toys or personal grooming products, Kenney® has plastic, mesh, rust-resistant and rust-proof solutions for all areas inside the tub.

Types of Storage Solutions

Suction Cup Caddy

Suction Cup Shower Caddies give you a little extra storage where you need it, without the bulkiness of a full-size caddy. The plastic basket design is versatile and multifunctional to easily store lightweight personal care items.

Mesh Organizational Caddies

Mesh Caddies can be integrated into your shower liner, hung with your shower liner, or installed with suction cups to keep bath essentials within reach.

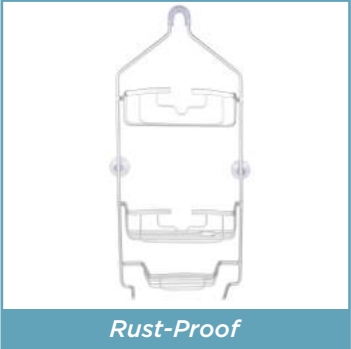

Hanging Caddies

Installed over the showerhead and secured with suction cups, Hanging Caddies can be installed quickly and easily to keep all of your bath essentials handy.

Pole Caddies

Easily organize your bath essentials in the underutilized corner of your shower with a Pole Caddy. Pole caddies offer adjustable heights to configure to your space and require no tools to install.

Rust-Proof

Rust-Resistant

Rust-Proof vs. Rust-Resistant: What is the Difference?

Caddies which are made from materials such as aluminum or plastic are naturally Rust-Proof and will not rust. Rust-Resistant steel caddies are coated to help prevent rusting overtime.

Features to Consider

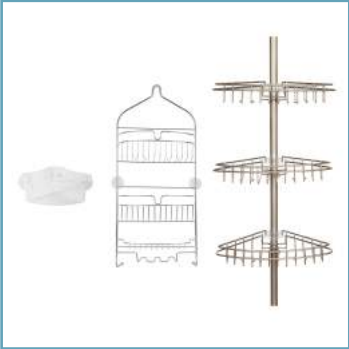

Rubber Collar

Accompanied with suction cups, the rubber collar helps to secure caddy in place. Measure your current shower head for proper fit.

Suction Cups

Our Suction Cup Corner Caddy and Shower Hanging Caddies feature strong suction cups which help keep the caddies in place.

Size

Caddy sizes range from large to small and vary in total number of baskets. You'll want to ensure the caddy is big enough to accommodate all of your bath essentials.

Accessories

For a complete storage solution, consider razor holders, loofah hooks, and soap dishes. Some caddies are even designed to use shampoo bottles upside down!

Available Metal Finishes

Metal Caddies are available in a variety of finishes to complement your bathroom décor including White, Black, Brushed Nickel, Chrome, and Bronze.
