

## GE LED Recessed Downlight Trim

### BEFORE YOU BEGIN

Read these instructions completely and carefully.

**Note:** Use the trim kit with GE recessed downlight trim replacement product.

### Save These Instructions

Use only in the manner intended by the manufacturer. If you have any questions, contact the manufacturer.

### Components Supplied

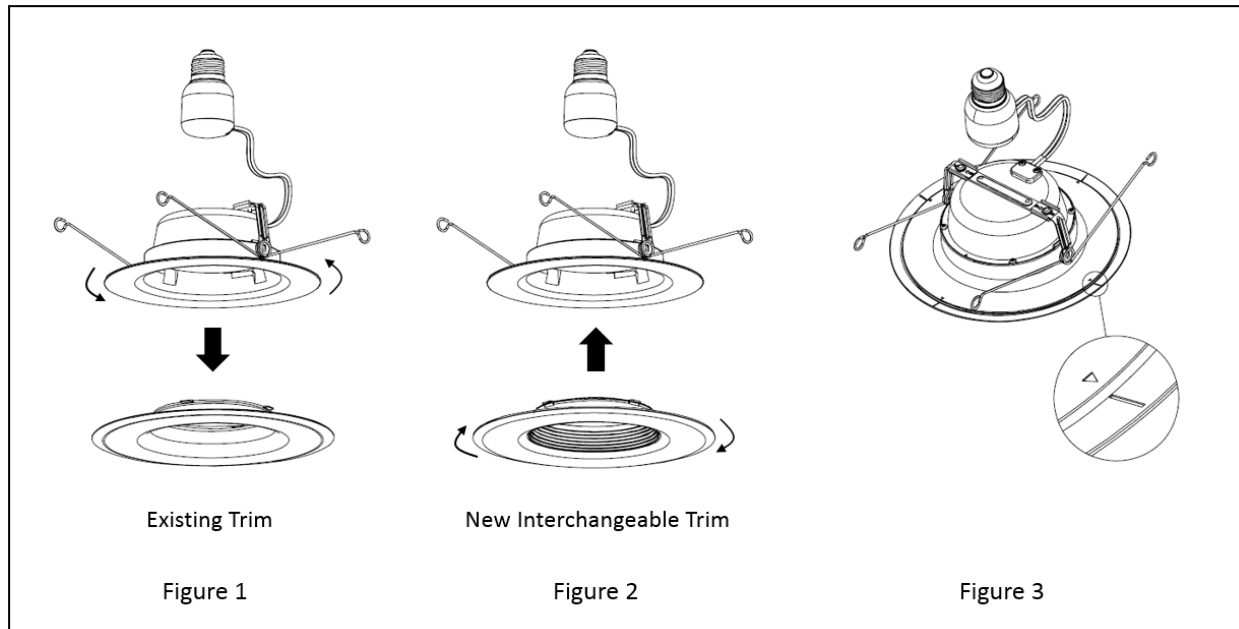

One trim kit

One installation instruction sheet

## Installation

The trim kit is designed for 4inch and 6inch GE LED recessed downlight trim replacement product. Use 4inch or 6inch trim kit to the replacement of recessed downlight with corresponding diameter.

Before trim replacement, ensure the fixture is out of housing with power off.

- ❶ Remove existing trim from GE recessed downlight trim replacement product.
- ❷ Replace with new interchangeable trim by aligning and twisting.
- ❸ Check backside of the recessed downlight, ensure marks aligned with between trim and trim plate.
