

6 Ft. Wood Picnic Table FAQ

Model #116810

Q: What type of wood is used for the picnic table?

A: The table is made from high-quality Southern Yellow Pine.

Q: Is the picnic table easy to assemble?

A: Yes, the picnic table is designed for easy assembly with pre-assembled legs and tabletop, as well as pre-drilled bolt holes. Typically assembled within 45 minutes.

Q: Are the benches safe for children?

A: Yes, the benches have smooth, beveled corners to prevent injury, making them safe for children and adults alike.

Q: Can the picnic table be customized?

A: Absolutely! The tabletop is ready to be painted or stained to match your aesthetic preferences.

Q: What hardware is included with the picnic table?

A: The picnic table includes all wood components and hardware, including tan-colored screws that match the wood tone for a seamless look.

Q: How durable is the picnic table?

A: The picnic table is built for durability and years of outdoor use, thanks to its pressure-treated legs and high-quality construction.

Q: Is the table top treated?

A: No, the tabletop is untreated, making it safe for food and dining.

Q: How do I maintain the picnic table?

A: Regular maintenance includes cleaning the table with mild soap and water, inspecting for splinters or loose bolts, and applying a protective sealant or stain to prevent weather damage. Cover or store the table during harsh weather conditions to extend its lifespan.
