Pre-Charged Line Set

Wi Fi Control

Optima NM-Series has been designed with appearance in mind without compromising quality. The indoor unit will seamlessly blend into any home with its smart modern design complimented by its compact size.

Strong cooling and heating

Quality compressors and motors made by renowned manufacturers guarantees you get a cool experience in the quickest time.

DC Inverter Compressor

DC Inverter compressor provides more comfortable indoor environment, higher performance in partial load and better heating performance in low ambient temperature than a fixed compressor.

Turbo Mode

Provides fast and quicker cooling.

Dry Function

The Dry Function reduces indoor humidity for an enjoyable and comfortable conditioned environment.

Auto Changeover

Unit is automatically changes between heating and cooling mode, for simplified operation.

Low Ambient Heating

The low ambient heating mode heats the room even when the temperature drops to -4 °F

Quiet operation

Enables the unit to operate at lowest noise levels so you can quietly enjoy a cooled-down living space, despite the sizzling heat outside.

24-Hour Timer

The convenience of a 24h/12h timing on/off function.

Auto restart

Unit is automatically returned to previous operating conditions after a power outage, for simplified operation.

Easy to Clean Filter

Fast and easy filter cleaning.

Child Lock

Prevent any changes being made to the controls by locking the control pad.

Two way pair coil line set

Two way pair coil line set.

7 Year Warranty

7 Year Compressor warranty

3 Year Warranty

3 Year parts warranty

Wi Fi Control

Control your system through Wi Fi from a smart device

*7 year compressor warranty applies on domestic residential installations only.

Warranty on commercial installations is 2 year parts and labour. Bonaire Durango product warranty terms and conditions apply. Visit www.bonairedurango.com for details.
