

Aurora Christmas Tree

Fraser Hill Farm's Aurora green artificial Christmas tree features a traditional silhouette, lifelike foliage, and an all-metal hinged branch construction for strength and durability.

Each model is specially crafted using the finest materials to look realistic and provide you with many seasons of use and enjoyment as well. The tree needles are constructed out of non-allergenic and flame-retardant materials.

Small cluster rice LEDs add a unique spread of light throughout the tree, and your choice of different twinkling effects takes the festivity to the next level.

- Imagine never having to shop, chop, water, and clean up another natural tree again
- Simple assembly - Sections easily go together for convenient set up, take down, and storage
- Prestrung with cluster rice LED lights featuring specialty light functions
- Includes sturdy metal stand for stability
- 1 year limited warranty
