Makes a Great Christmas Gift!

BE MORE HANDS OFF

Are you ready to transform your trash routine? Look no further than Waste Smasher, the world's first and only self-storage handheld trash compacter! Created with cutting-edge technology using recycled materials, Waste Smasher is the trash can makeover you never knew you needed. From homeowners to restaurateurs and from hotelkeepers to store managers, everyone benefits from the multitude of Waste Smasher features.

Simply use the Waste Smasher to push down your trash contents as they reach the top of the can, and watch as the cost savings roll in. In fact you increase the content of each individual bag, the product will pay for itself within the first year! Not only is Waste Smasher packed with personal value, you'll also play a role in adding value to the environment. With each use of Waste Smasher, you are significantly increasing trash bag capacity and thus decreasing the number of bags in landfills across the country.

Sticking your hand in the garbage to compress its contents is an unsafe job. With Waste Smasher, you'll keep your hands clean and your trash can spacious. With a utility hook for easy storage and multiple color choices to match your space, this indoor/outdoor use, dishwasher safe product is a no brainer.

Isn't it time to Be More Hands Off? Pre-Order a Waste Smasher today!

GREAT FOR HOMES, RESTAURANTS, HOTELS, CONVENTION CENTERS AND MORE!
