**P213N542**

Please read in its entirety prior to use

# POPULAR MECHANICS

1. Insert dividers into position as shown above
  2. Connect power cord into an electrical outlet
  3. Turn on LED light switch
  4. Connect your devices via the USB ports
  5. Illuminated dividers will turn off once the device is fully charged
- Note: The LED light switch can be turned ON/OFF and it will not affect the charging process.

Popular Mechanics provides a 2 Year Warranty on the Home Hub.
