Base Type: E12

Light Source Included: No

Voltage: 110VAC

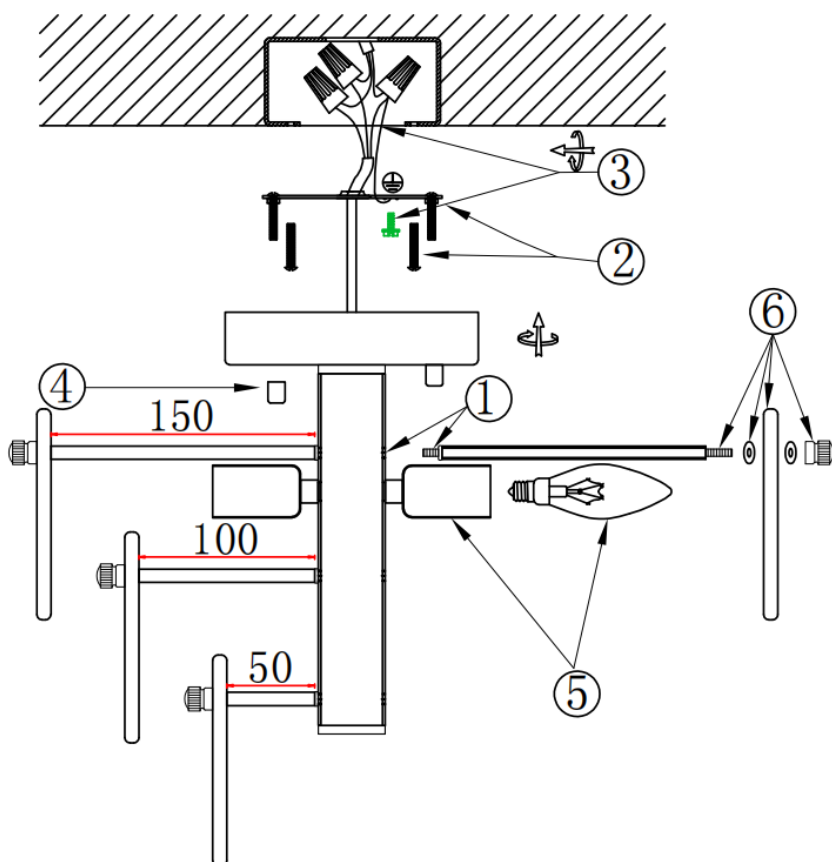

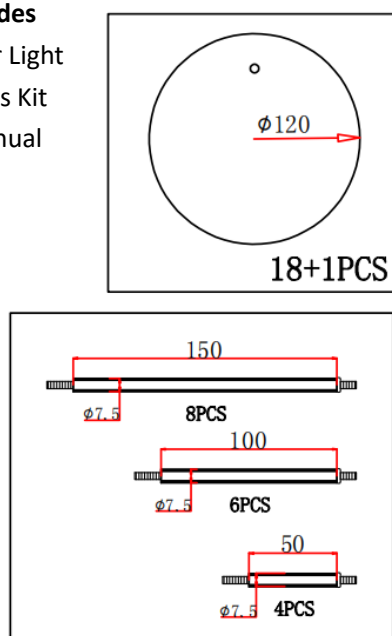

Wattage: 60 W

Package includes

1 x Chandelier Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions

- ① Starting from the longest, thread the threaded tubes one by one onto the central stem, securing each one tightly.
- ② Insert the mounting bracket into the junction box and ensure that the ground wire is securely fastened.
- ③ When connecting the wires, please note that black is positive and white is negative. Use a Wire Nut to secure the wire connections, ensuring they are not exposed. Then, wrap the wires with insulating tape and carefully insert them into the junction box.
- ④ Align the ceiling canopy with the hole and install it onto the ceiling, making sure the mounting bracket is tightened.
- ⑤ Install light bulbs compatible with the E12 base. (Note: Light source not included)
- ⑥ Slide the glass shades onto the threaded tubes, ensuring they are positioned correctly, and pad both sides of the glass with gaskets. Secure the glass shades by twisting on the end caps.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
