## HOW TO USE PURENAILS EXPRESS

1. Remove the battery door by pulling it away from the unit. Insert 2 AA/UM3 batteries in the direction shown inside the compartment. Alkaline batteries are preferred to provide the best performance. Push the cover back into place until it clicks.
2. Choose one of the five attachments and push it onto the top of the unit. To remove, firmly pull from the base of the attachment.
3. Switch the unit on and select low (1) or high (2) speed. Keep in mind that PureNails Express is a powerful tool. Start with the low speed and apply gently until you are familiar with the speed and application. Usually, low speed is for nails. High speed is for thick corns or dead skin.
4. For better performance and results, do not wash your hands or feet before treatment. Wash after treatment and massage in a moisturizer to care and soothe your skin.

## USING THE ATTACHMENTS

PureNails Express includes the following 5 attachments (see detailed Product Diagram on Page 4-5):

**Sapphire Shaping Disc** - shortens and shapes thick nails easily

**Sapphire Cone** - removes dry skin and calluses

**Thin Filing Cone** - files away rough edges around nails and removes dry skin

**Thick Filing Cone** - files away rough edges around thick nails and removes dry skin

**Felt Cone** - smooths and polishes nails

## AFTER USE

1. Place PureNails Express in a safe and cool place when not in use.
2. Wipe with a soft, damp cloth. Do not use abrasive cleaners.
3. Never submerge the unit in any liquid. Keep away from all solvents and harsh detergents.

## **WARRANTY**
