As The Grass Seed People®, we at Pennington Seed set out to create the best possible grass seed for the needs of the professional landscaper and sports field manager.

The result – Smart Seed® Pro, Tri-Fescue Blend with exceptional aesthetics, advanced genetics and industry-leading, water-saving technology.

### Features:

- Select Turf Type Tall Fescue requires less mowing
- Persistence under high heat and drought conditions
- Dark green color with reduced vertical growth rate

### Benefits:

- Superior dark green color
- Outstanding drought tolerance
- Improved disease resistance
- Improved wear tolerance
- Uses up to 30% less water\*

\*Year after year versus ordinary seed

### Recommended Use:

- Golf Courses
- Parks, Playgrounds, Cemeteries & Athletic Fields
- Home Lawns
- Erosion Control

### Seed Fuel:

Seed Fuel is our exclusive formulation of a “biostimulate” package for treating seed. It contains 3 plant hormones that aid in quicker establishment after germination.

#### Seed Treatment vs Seed Coating

Seed Fuel is a spray on additive not a heavy coated seed. This type of application allows us to add the benefits of the treatment without adding unnecessary weight to the bag.
