10 x 12 Ft Arc Top Gazebo with mosquito netting

WE HAVE YOU IN MIND, LET US SERVE YOU!

Safety Information

Two people are required for this assembly.
Some parts may contain sharp edges.
Wear protective gloves.
When assembling and using this product, basic safety precautions should always be followed to reduce the risk of personal injury and damage to equipment.
Please read all instructions before assembly and usage.

> ⚠ CAUTION: Do not climb on top of the gazebo. Falling off the gazebo can result in serious injury.

> NOTICE: For outdoor use

> ⚠ DANGER: This unit is heavy! Do not assemble this item alone
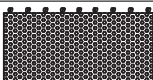

> ⚠ WARNING: Do not leave the gazebo where there is a risk of high wind, as possible damage will occur to the structure.

> ⚠ WARNING: Keep all flame and heat sources away from this gazebo fabric. This Gazebo is made with fabric that meets CPAI-84 specifications for flame resistance. It is not fire proof. The fabric will burn if left in continuous contact with any flame source. The application of any foreign substance to the gazebo fabric may render the flame-resistant properties ineffective.

Hammer not included   Two person

① D1　　　D3　　　D1

BB

D1

D3
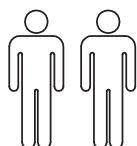

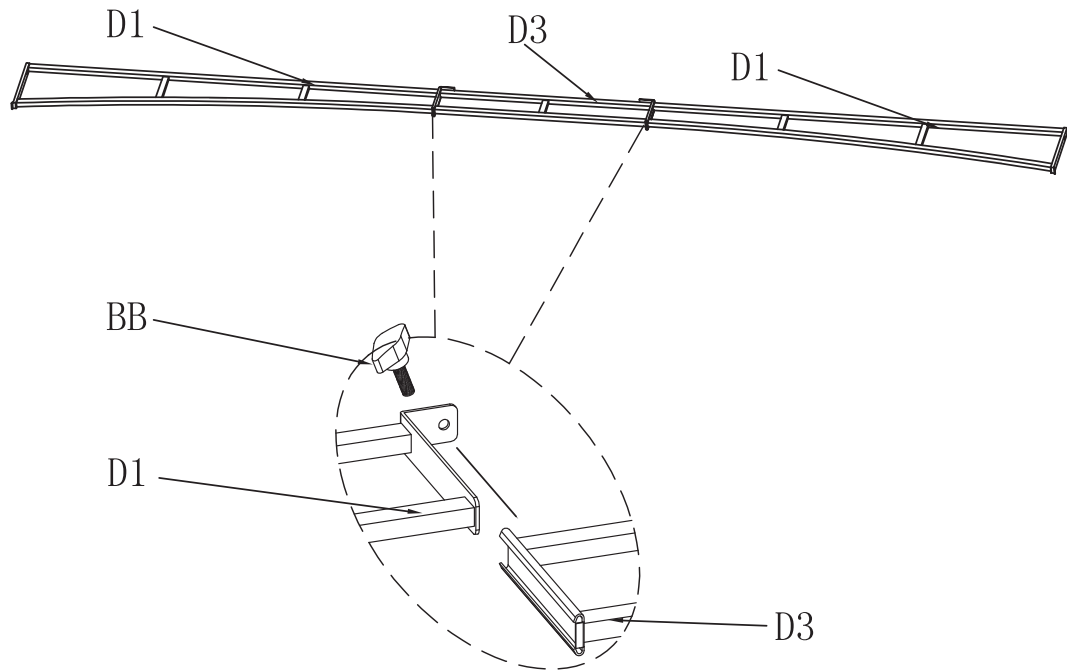

Please find 2 PCS of D1 and assemble them into each end of D3 by using Screws BB.

This will be the Beam. We have to prepare 2 sets of beams first.

②

A1
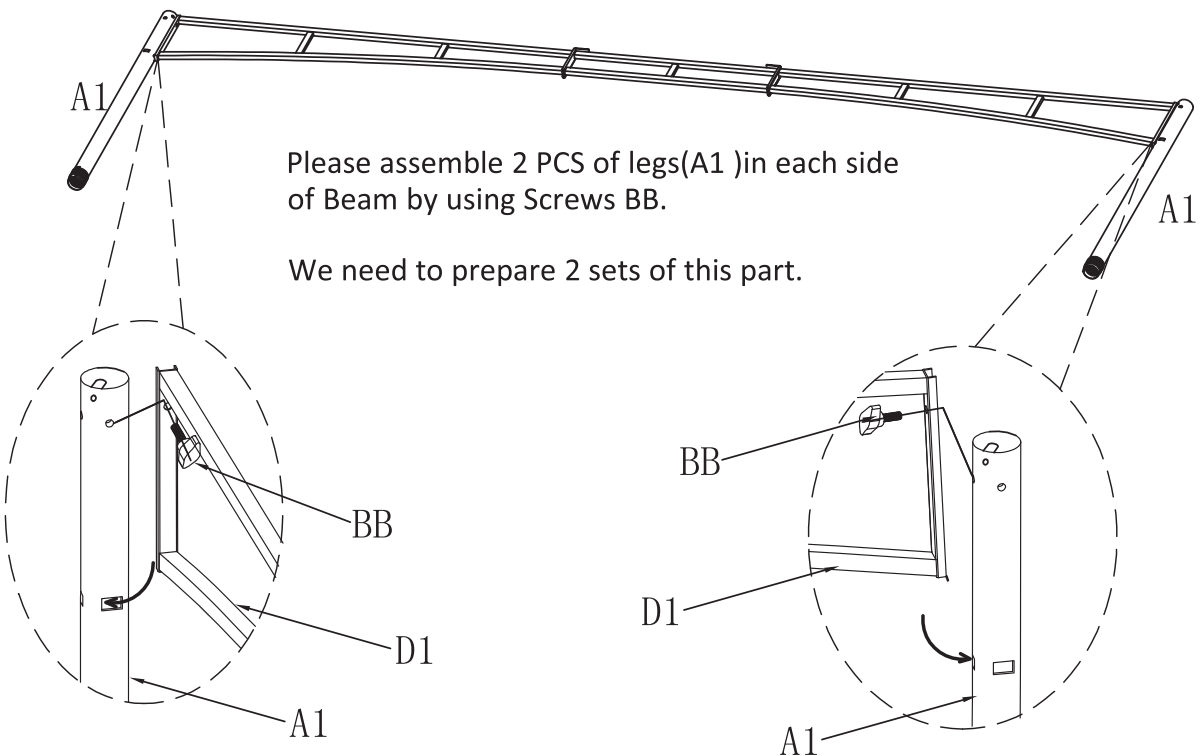

Please assemble 2 PCS of legs(A1)in each side of Beam by using Screws BB.

We need to prepare 2 sets of this part.

A1

BB

D1

A1

BB

D1

A1

③

Please assemble C1 and C2 to the part we have assembled in STEP 2 by using Screws BB like picture shows.

C1

C2

BB

BB

C1

C2

④

Please assemble those 2 parts in STEP 3 together by connecting C1 and C2 respectively.

C2

C1

C2

C1

G1   I1   G1
Assemble
tube (H1)   J   H1
G1   I1   G1

Compare this drawing
to assemble the pipe

H2
H1

H1

H2

H1

And assemble this part
into the Top Connector(J)
with the end of H1.

BB

H2

C1/C2

Assemble this part into the Beam(C1/C2) with the
end of H2 by using Screws BB.

⑧

Now we have to
assemble I1/I2 which
we have made in
STEP 5 into the J with
the side of I1.
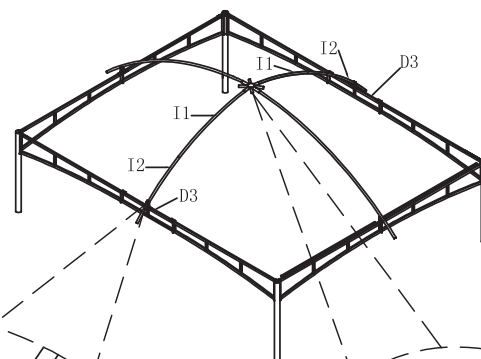

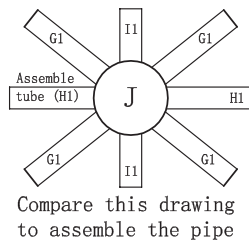

And assemble it to
Beam(D3) with the
side of I2 by using
Screws BB
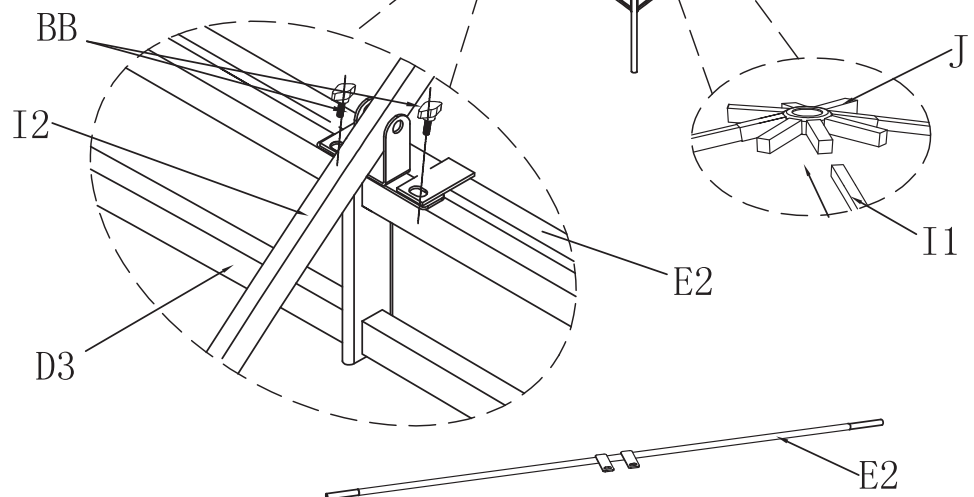

Please note to
assemble the part
E1/E2/E3 together.
This is the Slider for
mosquito netting.
And assemble it
together by using
Screws BB.

G1   I1   G1
Assemble
tube (H1)   J   H1

A1

```
         G1      I1      G1

Assemble
tube (H1)       J             H1

         G1      I1      G1
```

Compare this drawing
to assemble the pipe

We have to do this step for
each corner of gazebo.

⑪

K1
K1
K1
K1
K1

G2
K1

Please assemble K1 into the end of G2.

This is a telescopic tube.
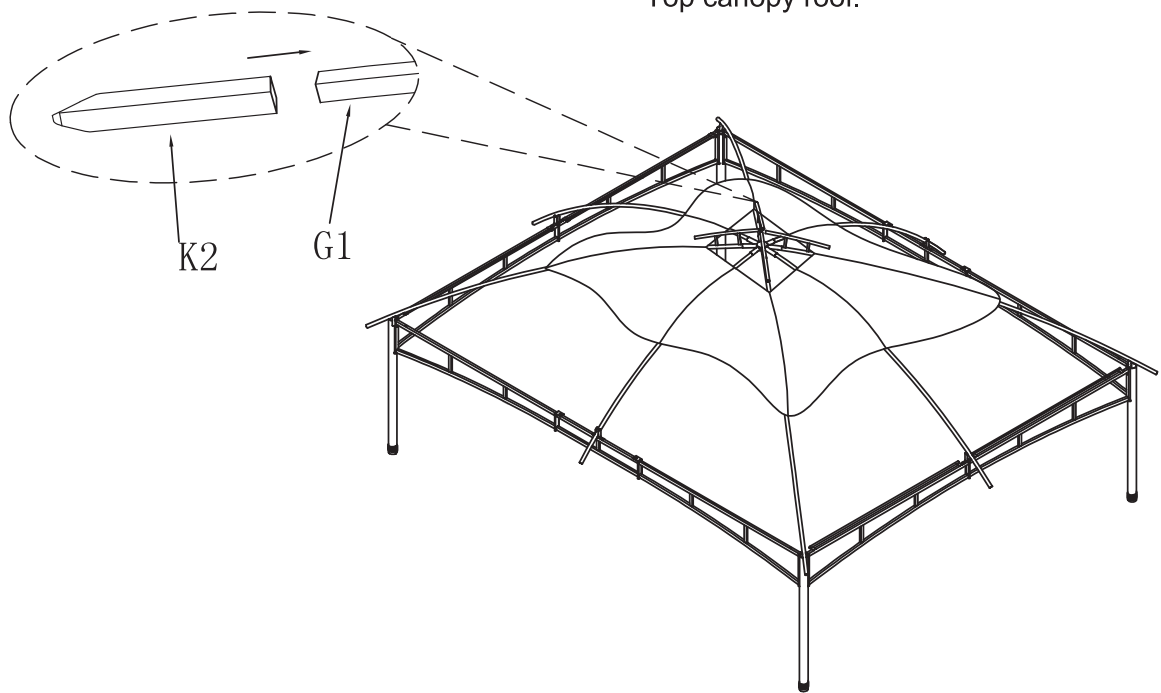

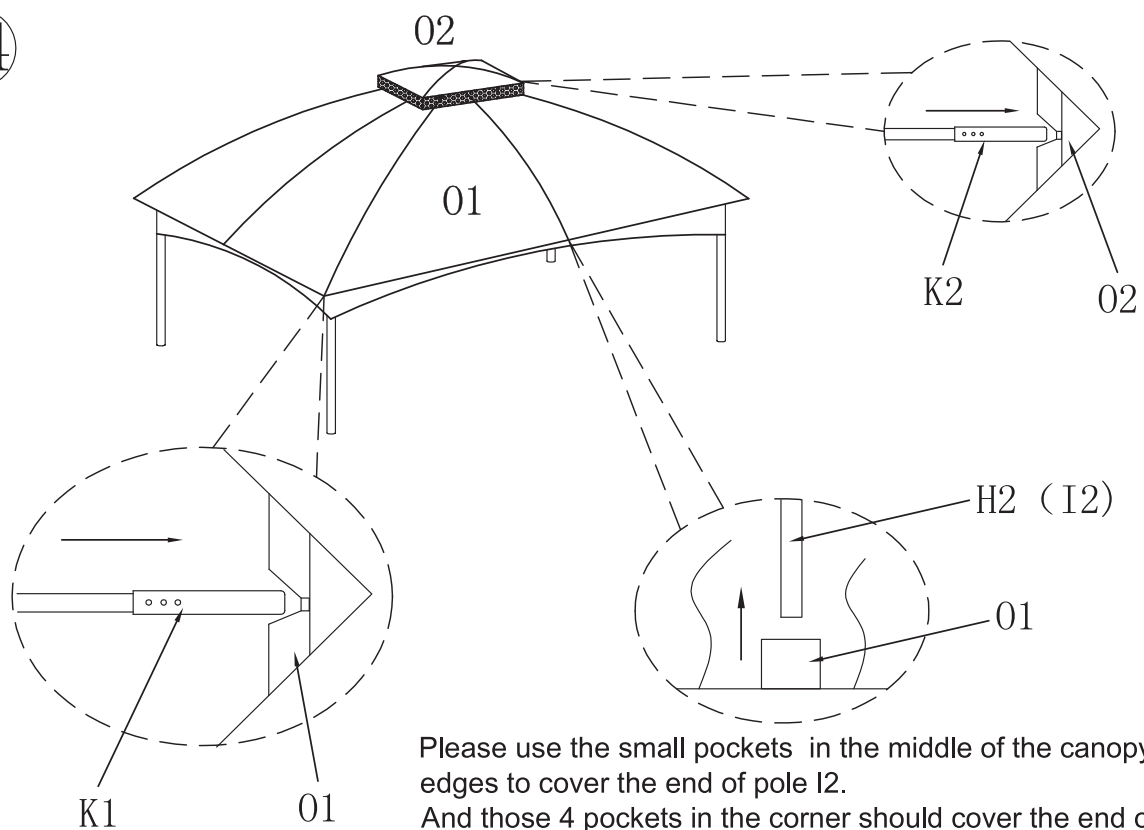

⑫

O1

Please place the Big Canopy(O1) on the top frame.

⑬

Now we have to assemble K2 into the small part of G1. This is a telescopic tube which will be used for easy assemble of Top canopy roof.

K2   G1

⑭

O2

O1

K2   O2

K1   O1

H2（I2）

O1

Please use the small pockets in the middle of the canopy's edges to cover the end of pole I2.
And those 4 pockets in the corner should cover the end of 4 telescopic tubes(K1) .

Expend the canopy(O1/O2) to the maximum by using K1/K2.

(15) Now we have to assemble the 4 legs of gazebo.

You'd better ask for a helper to finish this step together.
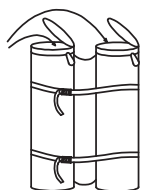

A1

A2

A1

A2

A1

A1

A2

A2
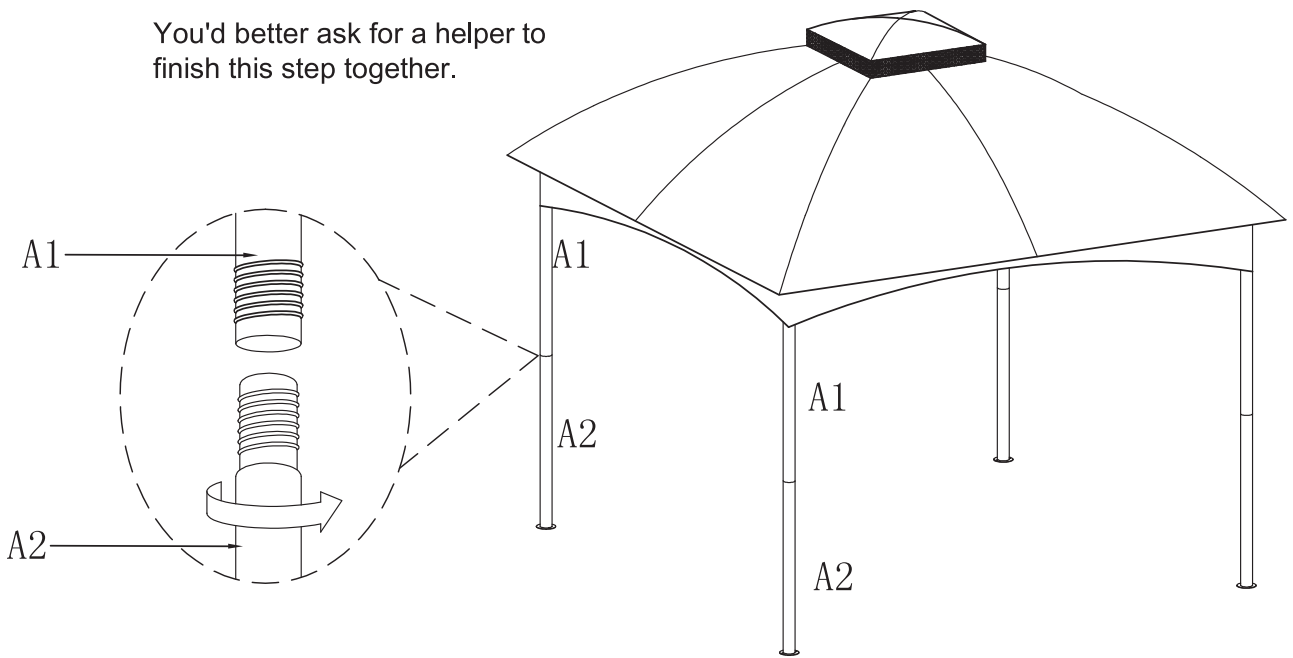

(16) Now we put the netting on the gazebo.
Please place O-Rings(LL) on 4 Beams evenly.
And then put on the netting by these O-Rings
Please note the netting should be on the inside of the Beams.

C1/C2   LL   P1   E1/E2   LL

A2

II

P1
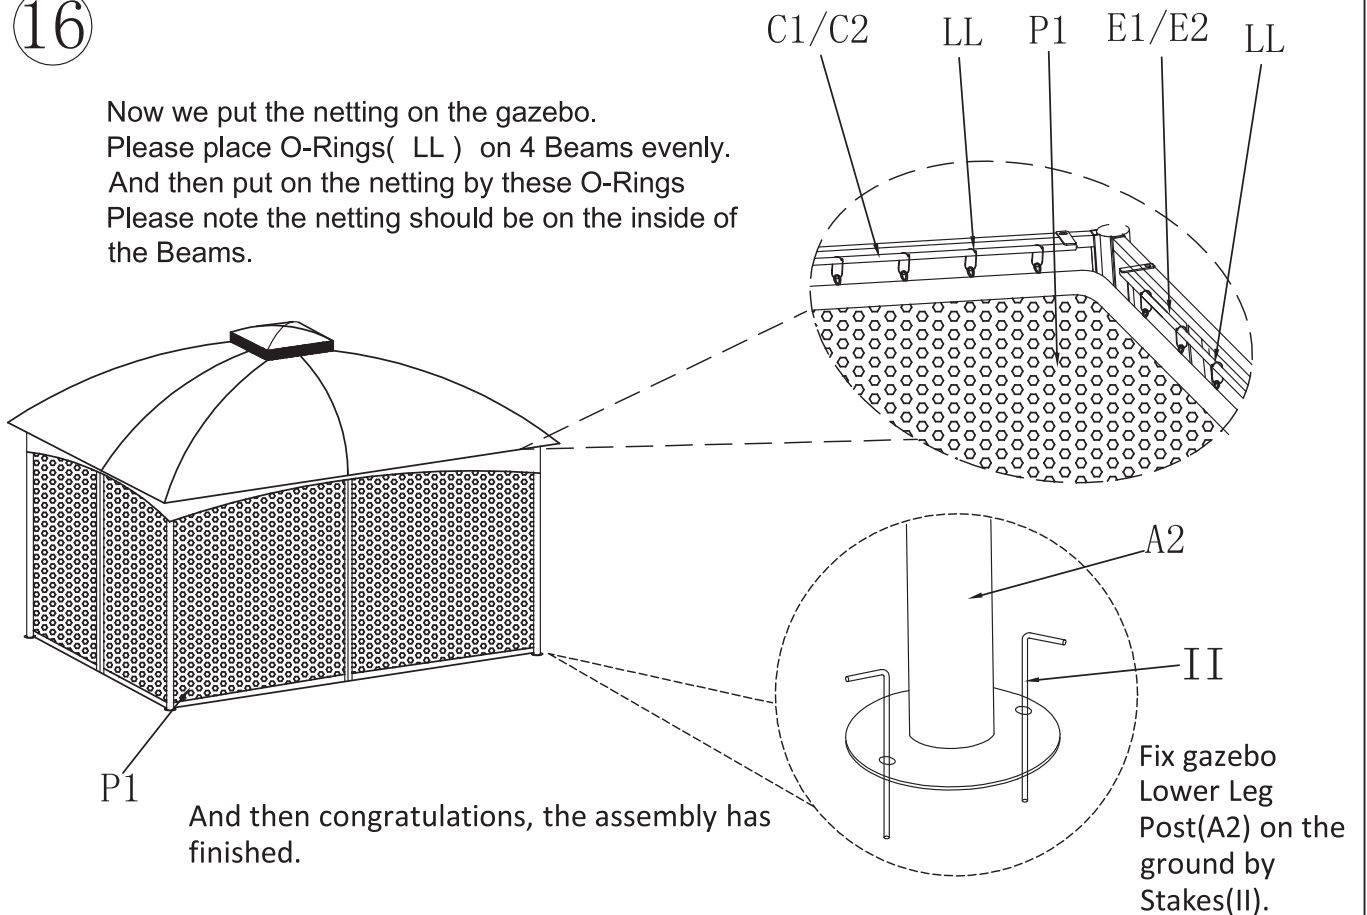

And then congratulations, the assembly has finished.

Fix gazebo
Lower Leg
Post(A2) on the
ground by
Stakes(II).

Sandbag

① Open the bag and fill it with sand or something else heavy.

② Zip up the sandbag.

③ Place the sandbag next to the lower post.

④ Fix the bag to the leg by velcro.
