5

Connect the mirror with the main supply.

ATTENTION:
PLEASE CUT OFF THE MAIN
POWERSUPPLY BEFORE
WIRING!

6

Hang the mirror onto the mounting bar.

Operating Manual

● Setting the light & Defogger

The buttons turn blue when connected to the main power supply and turn white after a brief touch. Optional to be wired to wall switch by ON/OFF memory function.

- Briefly touch the button to control on/off the light and illumination modes.
- The first touch is to turn on all the lights, the second touch is to turn on only the front light, the third touch is to turn on only the back light, and the touch again turn off all the lights, and so on.
- Press and hold the button to adjust the brightness when the mirror is on.
- If there is no operation within 15 seconds, touching this button will directly turn off the lights.

- Briefly touch the button to change the color temperature among the 3000K, 4200K and 6000K when the light is on.
- Press and hold the button to change the color temperature steplessly.

- The mirror begins to warm up and defog after you press the defogger button.
- Press the button again to turn off the anti-fog function.
- **Press and hold the button to turn the blue backlight on or off.**
- Note: To prevent damage from prolonged high temperatures, the defogger will automatically stop after 60 minutes of continuous operation.

● Makeup Mirror

The amplifying LED makeup mirror attached via a magnetic mechanism can be moved to the appropriate height suitable for you.

NOTE: The makeup mirror can only stick to the mirrors on either side.

● Foldable Mirror

Both sides of the mirror are equipped with sections that can be folded 180°, allowing you to adjust the mirror's position as needed.

Note: Use gentle force when folding to avoid potential damage to the mirror.
