Assembly Steps

Overview

This Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all the Parts and Hardware on a clean, non-marring surface.

Step 2

Put the Left leg(C) and Right leg(D) on the Seat(B) as shown in the picture.
Attach the two Legs(C+D) into the mounting positions of the Sear(B) using Bolts (①),Spring Washer(③) and Washer(④) with Allen Wrench (⑤).
Do not fully tighten the Bolts.

Step 3

Attach the Back(A) into the mounting positions of the Legs(C+D) using Bolts(②), Spring Washer(③) and Washer(④) with Allen Wrench (⑤).

Tighten all the remaining bolts.

DO NOT fully tighten a bolt in one go and then move on to the next. Rather, in a sequential manner, gradually tighten each bolt until all bolts are evenly secured. This methodology will ensure maximum evenness once all bolts are fully tightened.

Step 4

Turn the Chair right side up.

Your chair is ready for use.

Caution: This chair can only be used on a flat, level surface.
