ALUMINUM BODY CHALK REEL

KEVLAR[®] REINFORCED LINE

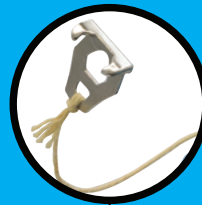

Built with the Tradesman in mind, the OX Tools Pro Aluminum Body Kevlar[®] Chalk Reel is designed to be innovative, durable, and have performance fitting for a professional contractor. The line of the Chalk Reel was developed and built with Kevlar[®] for unmatched durability, withstanding abrasion 20x more than previous models. The aluminum case is built to withstand the rigors of the jobsite and keep internals safe from being damaged after drops, bumps, or knocks. Matte black coating remains cool after sitting in the sun. The body is also designed to be ergonomic and stay comfortable in the hand all day. The reel rewinds quickly with a 6:1 gear ratio.

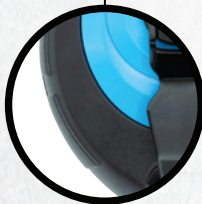

NON-SLIP HOOK

New hook Design offers a Strong grip and Accuracy

KEVLAR[®] LINE

Innovative line developed and built with Kevlar[®] for durability 20x stronger than previous models.

STRONG CASE

Case is made from aluminum for ultimate durability on the jobsite

ERGONOMIC

Designed to feel Comfortable in the Hand
