

# KOBALT™

# PREMIUM RUBBER HOT WATER HOSE

## INSTRUCTION MANUAL

Traditionally made rubber water hoses are stiff and heavy. Made from 100% rubber, KOBALT premium hot water hose is the lighter, stronger, more flexible rubber hose ever made. It can be used anywhere where hot water is used.

- 40% Lighter than traditional rubber water hoses
- 100% Rubber construction
- Handles hot water up to 212°F
- Flexible in extreme weather condition from -50°F to +190°F
- 500 PSI burst pressure
- 4 Finger comfort grip sleeve

### IMPORTANT INFORMATION

- Your KOBALT water hose has 3/4" female GHT fittings on one side to connect with your water outlet
- It has 3/4" Male GHT fittings on other end to connect it with the spray nozzle & water hose reel
- To start using your KOBALT hose, screw hose cap to the tap
- Hand tightening should be sufficient to connect the hose with the tap
- Do not over-tighten

### INSTRUCTIONS FOR USE

1. Cut all the ties and remove the label from KOBALT water hose  
Completely unravel your hose
2. Attach any spray nozzle or adapter to the outlet of KOBALT hose (**See figure 1**)  
**Note:** Don Not use the adapter if you are using a spray nozzle  
If using the adapter, make sure the lever is not in the open position
3. Attach KOBALT hose inlet to the water supply (**See figure 2**)
4. Turn on your tap
5. Water will start flowing out from your spray nozzle

### STORING THE KOBALT PREMIUM RUBBER HOT WATER HOSE

After use, turn off the tap for your home's water supply  
If using a spray nozzle, depress the handle of the spray nozzle to drain the water for the hose

**NOTE:** To prolong the life of your KOBALT water hose, ALWAYS store INDOORS when not in use

### ! WARNING

- DO NOT drink from this or ANY garden hose.
- The water in ANY garden hose may become contaminated and cause serious health effects.
- NEVER stretch or expand the hose when empty or not under water pressure. Hose will snap back if stretched and released, and may cause serious injury.
- Strangulation hazard. Hose wrapped around neck may cause serious injury or death.
- Keep out of reach of children and pets.

#### Warnings:

- For general OUTDOOR use ONLY in applications under 150 psi.
- DO NOT use this hose for commercial applications, in hot water applications, or high pressure applications (such as pressure washer). Doing so may cause serious personal injury and/or damage or destroy the product.
- DO NOT leave this product unattended when it is in use or under pressure.
- This product is NOT A TOY.
