LOCATION

INSTALLATION: Add 1/2" to 1" height of tub at point ① to allow space for bedding compound. All Comfortflo Whirlpool Baths require mortar to be placed under tub for tub bedding. Please measure tub before building tub cabinet. Drawing shows standard pump location for this tub. Custom pump locations available - please call Comfortflo Whirlpool Baths for details. Measurements are plus or minus 1/2", and are subject to change without notice. Filling this tub to the maximum may require an above average size or dedicated water heater.

This data sheet supersedes all specifications published prior to this publication date.
