

SMART LED STRIP

① Infra-red receiver

② Smart LED strip

③ USB power

SMART LED STRIP

- 16 Million Colors
- 50,000 Hour Lifespan
- Smart Life App, Alexa & Google Assistant Compatible
- Remote Included
- Waterproof
- Timer Mode

The smart LED strip sets up in minutes to improve your lighting experience and reduce eye strain in dark rooms. The included remote control lets you choose between numerous color modes. The smart connectivity also makes for convenient voice control using Alexa and Google Assistant. The available Smart Life App creates for easy communication to the smart LED strip using a smart phone.
