

DIMENSION REFERENCE

A: 17.0 in. B: 11.7 in. C: 10.4 in. D: 5.7 in. (Note: Dimensions with 6" downrod)

Choose one of the following mounting options:

Downrod Mount is best suited for ceilings 8 ft. or higher. For taller ceilings you may want to use a longer downrod (sold separately).

Angled Ceiling Mount is best suited for angled or vaulted ceilings. A longer downrod is sometimes necessary to ensure proper blade clearance from the ceiling. If using the angled mount, check to ensure that the ceiling angle is not steeper than 18 degrees.

Downrod Mount

Angled Mount

NOTE: Make sure blades are at least 30 inches from any wall or obstruction and at least 7 feet above the floor.
