Goof Plugs

Cunas de correccion

Goof Plugs are used if you've punched holes by mistake, or if you've moved a Dripper or Stake Assembly to a new location.

Convierta fácilmente un aspersor o cabezal con boquilla de PVC de 1/2" (1.3 cm) en un sistema de riego de bajo volumen colocando goteros o micro aspersores a la salida estriada de 1/4" (0.6 cm).

- Can also be used to end a line of 1/4in. Vinyl or Drip Tubing
- Perfect accessory to keep on hand for 1/4 in. hole repairs

1
Begin by breaking off one of the Goof Plugs.

2
Now snap the Goof Plug into the hole you are wanting to repair.

3
You can also use Goof Plugs to end a line of 1/4in. Vinyl or 1/4in. In-Line Drip Tubing

Micro Sprinkler and Drip installation can be worry free when you have Goof Plugs on hand. Move Stakes or seal holes with no problems.

Con este convertidor, puede disminuir significativamente el consumo de agua debido a que los microaspersores, los goteros y las tuberías de goteo en línea riegan su jardín más eficazmente.
