

Hello, MY NAME IS:

Thanks
FOR GIVING
ME **home!**

SPRUCE ME UP! I've been in a dark box traveling. Here are **quick tips** to get me settled:

- **Remove** yellow leaves or broken stems.
- If my soil is dry, give me a **drink of water**.
- Set me in the **right light**.

WATCH ME GROW! Keep this card for your records.
Care instructions are on the reverse side.

MY BIRTHDAY
(date I arrived)

FAVORITE THING
(about me)

WATERING SCHEDULE

Costa
Farms®

HERE'S HOW TO TAKE CARE OF ME

Palm

LIGHT

I grow best in a bright spot. I prefer at least four hours of bright light per day but no direct sun. The more light you can provide, the healthier I will be.

WATER

Water me when the top inch of my soil is dry to the touch. Allow water to drain; remove any excess water. I prefer above average humidity levels.

FOOD

Feed me once or twice a year during Spring and Summer with a fertilizer formulated for houseplants.

FEATURES

I have upright growth that can purify the air and I am super easy to grow.

GROWING TIPS

Palms can suffer if the soil stays dry for too long; the tips of the leaves will start to turn brown. Most palms don't like super wet feet and never leave standing water in a drip tray as it can lead to root rot.

GIVE ME FRIENDS

(I play well with)

Pothos, Monstera,
Philodendron, Dracaena
