

Our universe is always expanding

Universal Slide Dimmer

SUL06P

Highly versatile

Compatible with dimmable LED, dimmable CFL, INC, HAL, dimmable FLR, ELV and MLV light sources.

Adjustable low-end trim

Set the minimum light level for each switch using a simple control.

Flicker-free dimming

Microprocessor-based design enhances performance and delivers seamless dimming.

Easy installation

No neutral wire required. Back wire clamps speed installation, too.

Dimming done right.

Powering Business Worldwide
