03

Diagram illustrating the assembly of a metal frame structure, labeled (L). The components shown are:

- O: A small circular fastener or pin.
- N: A long, thin metal rod or pin.
- E(L): A curved metal bracket or support arm.
- Front: The front panel or frame section.
- D(L): A vertical metal support or divider.
- M: A horizontal metal bar or support.
- Grey: A rectangular metal plate or support.

The diagram shows the frame structure with various components labeled and their relative positions. The label (L) is positioned to the right of the main assembly.

Front

Front

F(L)

The drawing shows a technical representation of a bag. On the left, a wireframe model of the bag's front is shown, with a label 'Front' above it. Below this, a solid line drawing of the bag's front is shown, with a label 'Front' above it and a label 'F(L)' to its right. An arrow points from the wireframe model to the solid line drawing. To the right of the solid line drawing, a detail of the zipper is shown, with an arrow pointing from the bag's front to it.

Diagram illustrating a mechanical assembly, labeled (R). The assembly consists of a frame structure with various components and parts labeled:

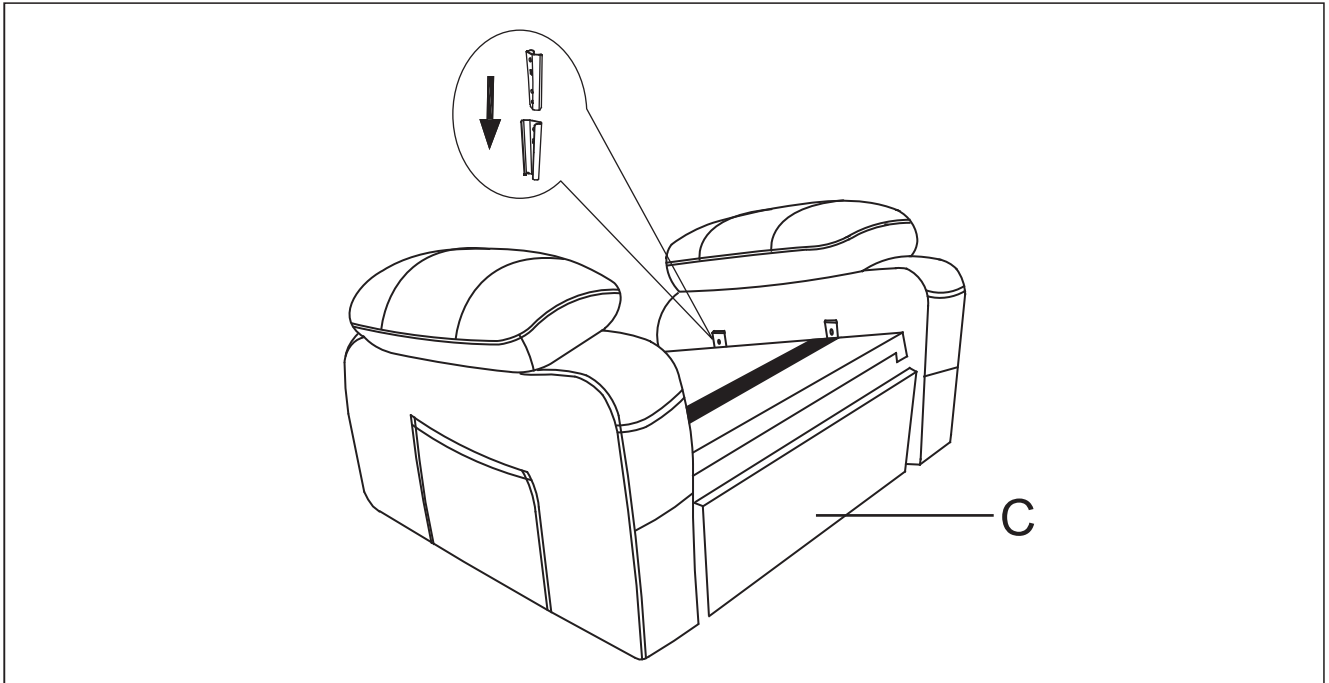

- Black**: Points to the main frame structure.
- N**: Points to a component on the right side of the frame.
- O**: Points to a component on the right side of the frame.
- E(R)**: Points to a component on the right side of the frame.
- Front**: Points to the front section of the frame.
- D(R)**: Points to a component on the right side of the frame.
- M**: Points to a component on the right side of the frame.
- Black**: Points to the main frame structure.

Technical drawing of a bag, showing three views and a detail:

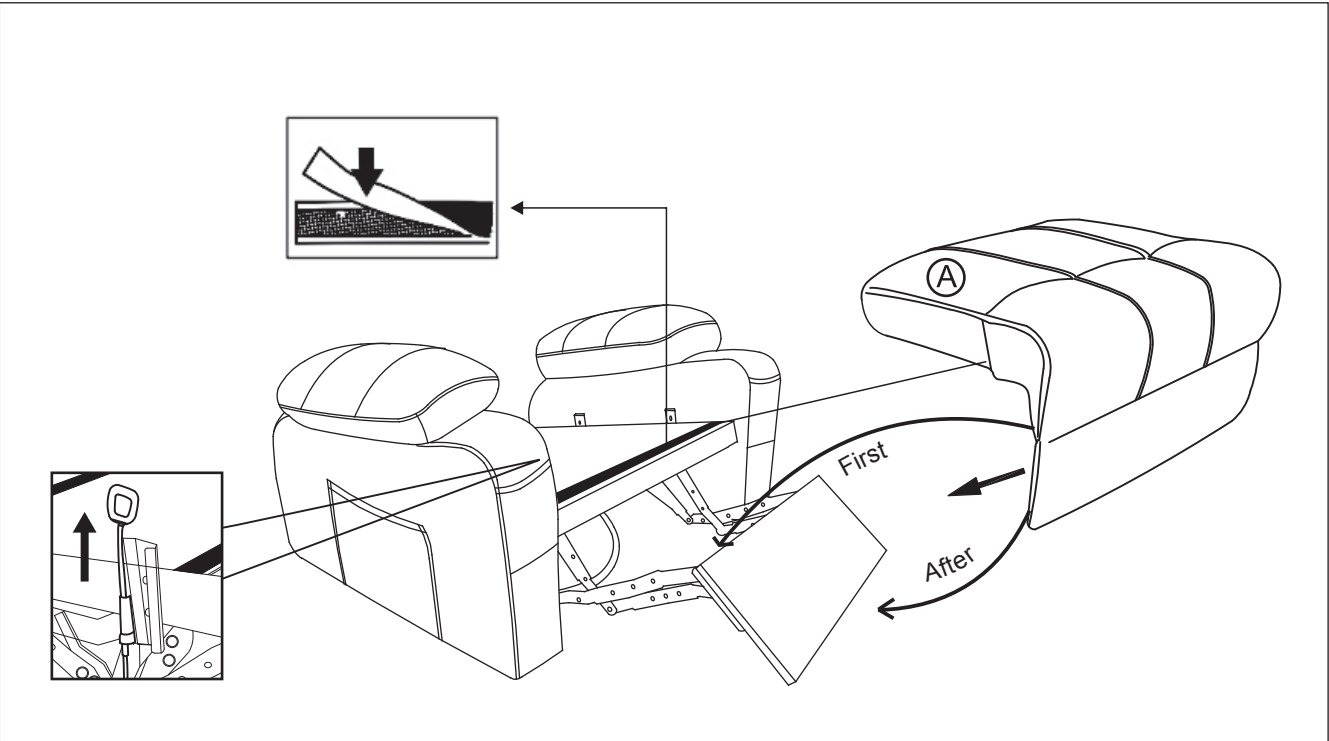

- Top View (Perspective):** Shows the bag's frame and internal structure. It is labeled "Front" above it.
- Bottom View (Front):** Shows the bag's front panel with a handle and straps. It is labeled "Front" above it.
- Right View (Side):** Shows the bag's side profile with a handle and straps. It is labeled "F(R)" below it.
- Detail View:** A close-up of the zipper mechanism, showing the teeth and the pull.

ASSEMBLY INSTRUCTION

STEP5: Insert arms so that they can fit into the seat, you will hear a "click" when they are engaged.

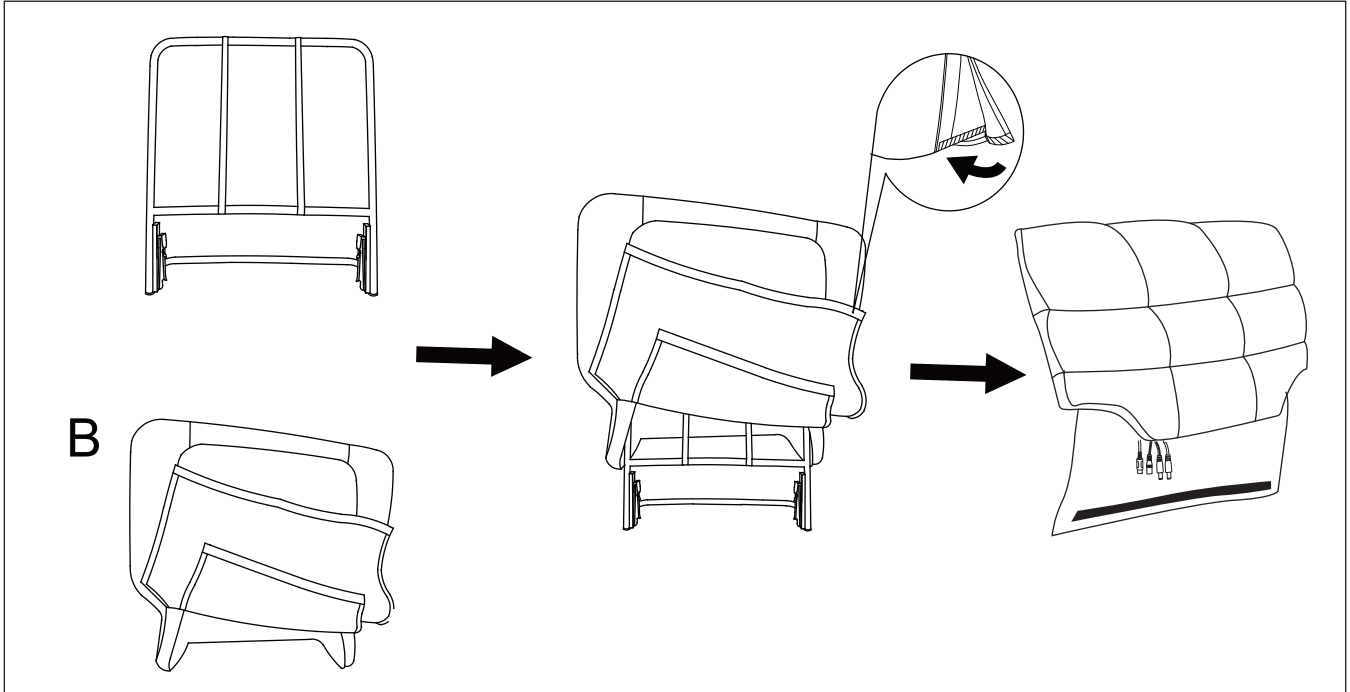

STEP6: Pull the pull ring on the side of the seat and turn on the rack. Put the seat cushion to the corresponding position and stick the magic sticker to fixed seat cushion.

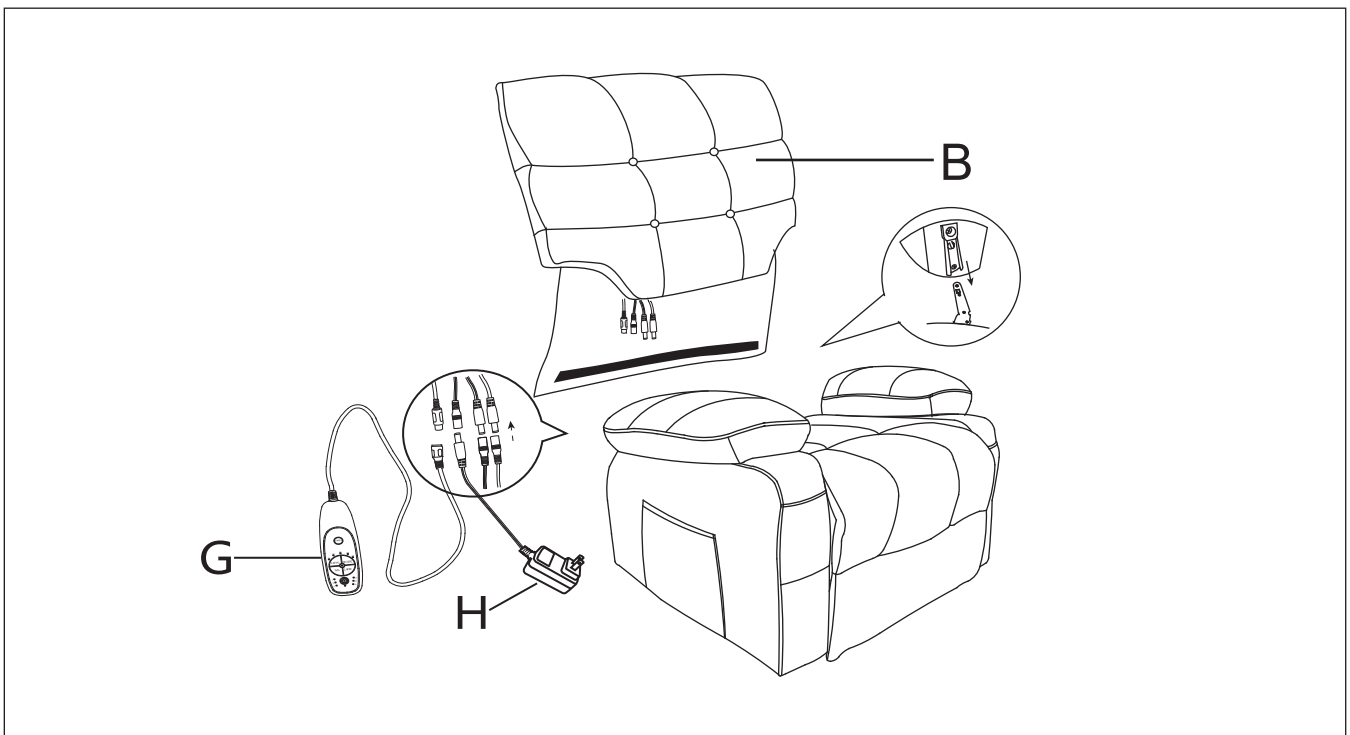

ASSEMBLY INSTRUCTION

STEP 7 :Open seat bag B,zip the backpack and back frame, and then connect the backpack and backframe with velcro.

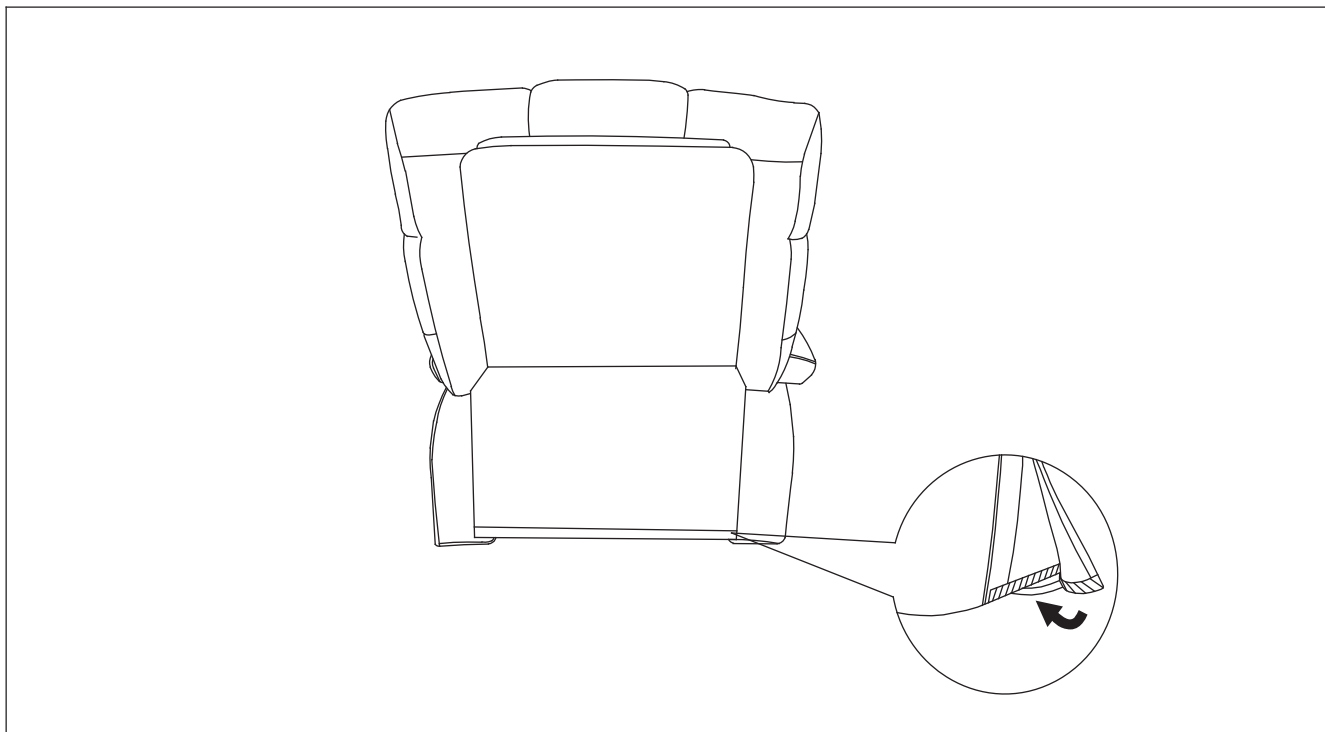

STEP8: Plug the back pad into the seat frame, and then connect the massager line white and white, red and red, black and power lines, and the massage line with the hand controller.

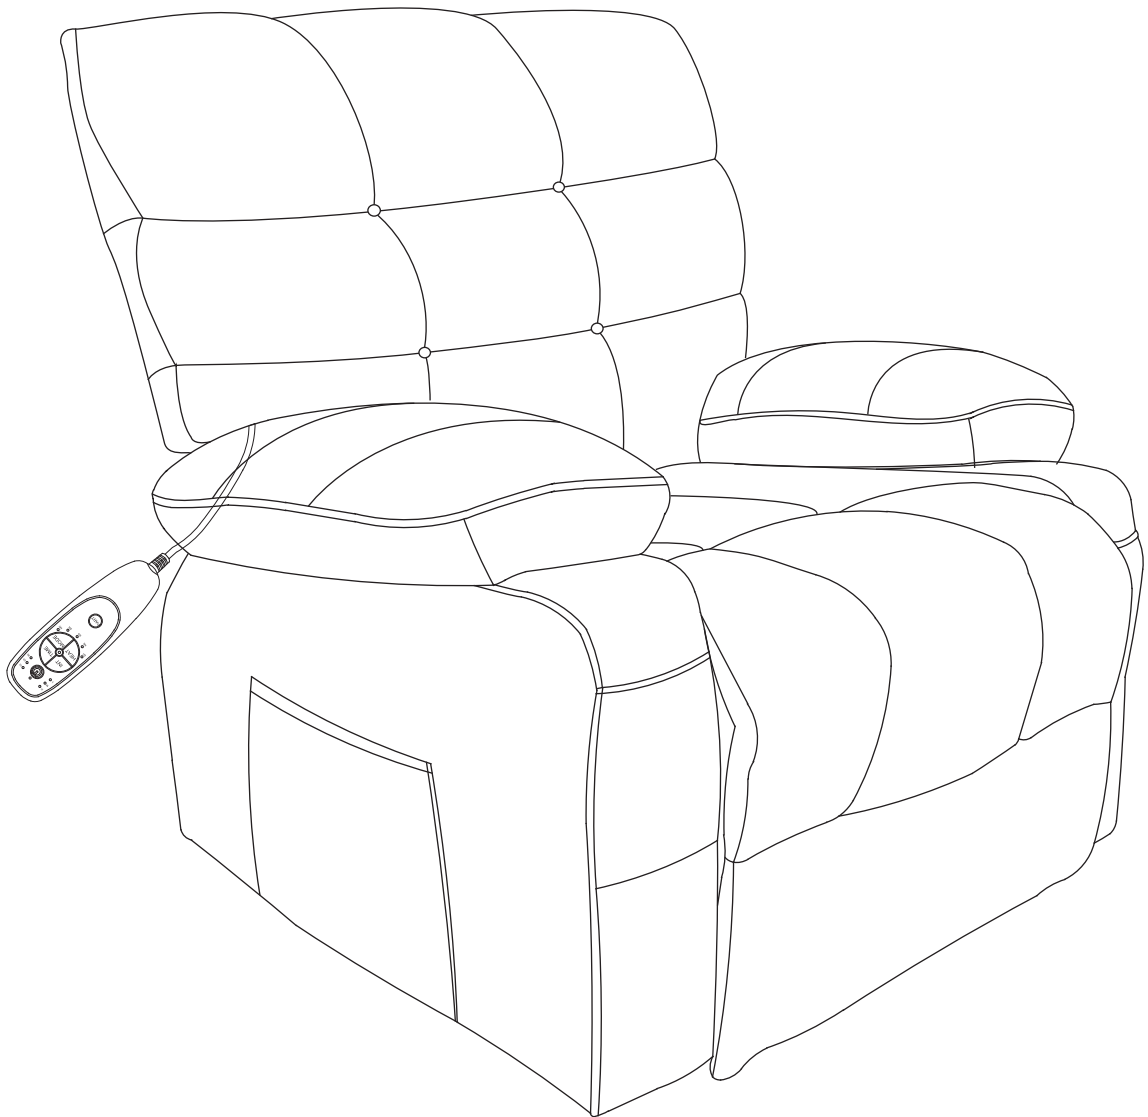

ASSEMBLY INSTRUCTION

06

STEP9:Stick the velcro from the back frame to the seat frame.

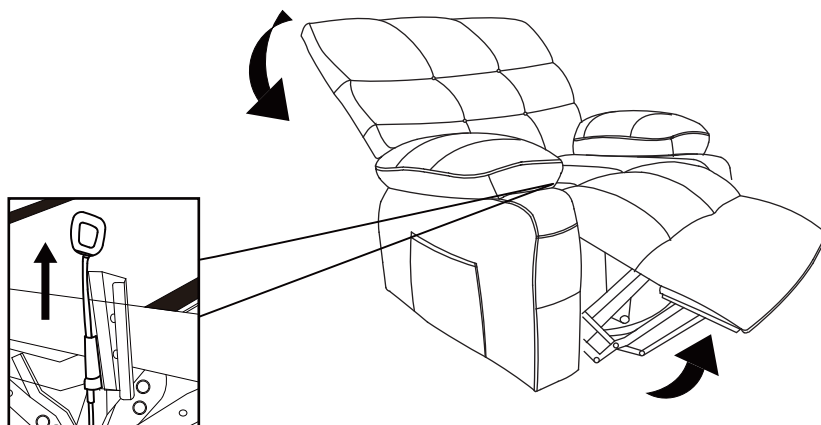

Congratulations! You've assembled Your Sofa!

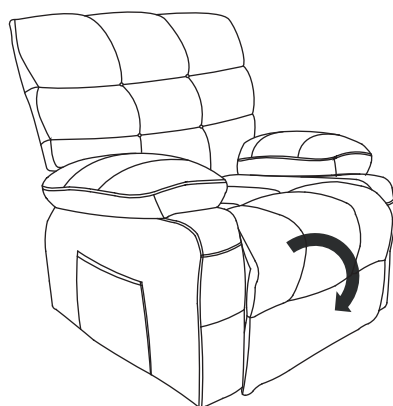

Note: Since the backrest is packed in compression, after the product is installed, you need to tap and adjust the backrest which can help restore fullness. After two days, you will get a Overstuffed Recliners as picture shows.

Warnings

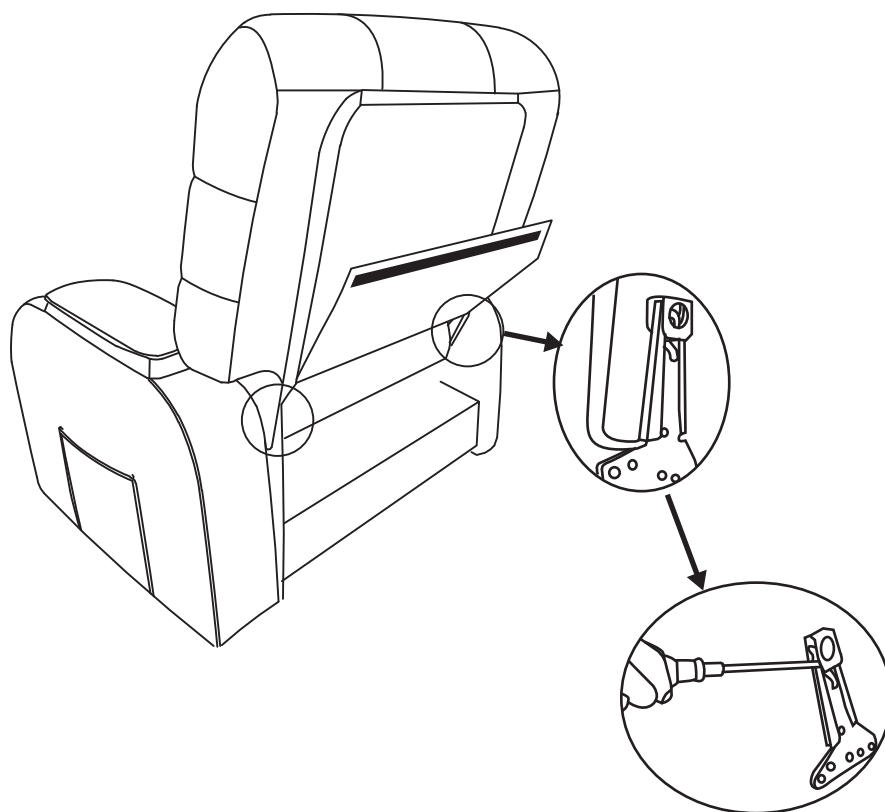

- Sit down in the sofa gently. To avoid tipping over, do not throw yourself into the sofa. Move the sofa into the reclining position slowly, making sure that no children or pets are in close proximity.
- Do not allow children to play on or around the sofa, particularly when it is in an open position.
- Close the recliner completely before getting out of it.
- Never sit on the footrest when it is open, even if it is a child.
- To eliminate the risk of tipping over, do not sit on the arms or footrest of the sofa.
- This sofa is designed to be used by 1 adult at a time.
- Please forbid people with the following ailments from using this sofa: Those people with severe symptoms of heart disease, high blood pressure, cerebral thrombosis and others who are sensitive to heat or completely insensitive to heat, those with brittle bones or have issues with waist support pregnant women, children and others where it has been determined they are not suitable to use this product under the guidance of doctors.
- To fully recline the sofa, ensure the sofa well, you need to put the sofa at least 19 inches away from the wall or any other obstacle.
- Product can not touch water, fire, etc. Product can also not come in contact with sharp objects (knives, nails, etc.)

Maintenance Manual Instructions

- To avoid dropping, you should carry the sofa carefully.
If you find dirt and or stains on the sofa, spray the sofa with a sofa specific cleaner then use a sponge or cloth to wipe the dirt away.
- Do not use water, soapy water or cleaner with waxed wooden areas.
Take care to wipe the sofa carefully and gently.
- Do not put the sofa in an area with direct sunlight and do not put the sofa directly in front of an air conditioner, this will fade the upholstery and make it brittle.

How to Disassemble

Please find a strong tool to prod the small piece of metal grooves, then the backrest will be pulled out. The tool is not included.
