555001	Hand Pallet Truck	5500 LBS	48" x 27"	143 LBS	47.6"

Description

The 5Seconds Arrow-100 Hand Pallet Truck is engineered for dependable, everyday performance in warehouses, factories, and retail environments. Built with a heavy-duty steel frame and a high-performance BF pump, it offers smooth lifting, easy maneuverability, and lasting durability. The ergonomic rubber handle and precision polyurethane wheels ensure quiet, stable movement, making it the perfect tool for efficient pallet handling. With a 3-position hand control (Raise / Neutral / Lower) and standard fork design, this pallet jack is ideal for everyday material-handling applications—helping to reduce strain, improve workflow, and increase productivity.

Product Features

- 5,500 lbs load capacity
- BF hydraulic pump
- 48" x 27" fork size
- Ergonomic rubber handle
- Single polyurethane load wheel
- Polyurethane steering wheels
- Rugged steel construction
