

HOLLAND 60MM

PRODUCT NUMBER # 217

- Light vehicular applications
- Made of durable concrete with iron oxide pigments which helps prevent fading from extended UV exposure
- Smooth surfaces and classical chamfers define each stone to create texture and visual structure with timeless appeal
- Versatile 2:1 shape easily forms stacked, runner, basketweave, and herringbone patterns

The Holland series offers the Old World charm of a simple shape where pavers can be installed in a variety of patterns to produce utilitarian or decorative pavement designs. Mixing these patterns with a combination of colors produces architectural effects limited only by the imagination. Holland is available in a range of paver heights to suit a variety of traffic conditions and base preparations, and in layer arrangements to facilitate mechanical installation.
