## LUCKY BAMBOO

*Dracaena sanderiana*

Delight in the enchantment of Lucky Bamboo and welcome messages of luck, positive energy, and happiness. This is a low-maintenance houseplant that thrives in a warm environment.

There is no soil in the container as the stalks are held upright by pebbles and water.

### LIGHT

Filtered light, no direct sunlight.

### WATER

Moderately moist soil, never soggy.

### TEMPERATURE

65° - 75°F  
18° - 23°C

### FERTILIZER

Feed every 2 weeks with an all-purpose liquid plant food.
