PENNINGTON®

SMART SEED®

GRASS SEED + FERTILIZER

NexGen
TURF RESEARCH LLC

WHAT MAKES IT SMART? INNOVATION.

Pennington's NexGen Turf Research is the largest private grass seed research facility in the United States.

We lead the industry in developing top-performing, water-conserving, sustainable seed. Once established, our purebred, drought-tolerant Smart Seed® grasses require up to 30 percent less water than ordinary grass seed. That's year after year, for the life of your lawn. Plus, our advanced, fertilizer-enhanced seed coat technology speeds establishment and promotes greener grass. Born from Pennington innovation and NexGen breeding and research, Smart Seed brings you better seed, better sustainability and better results.

IS OHIO STATE MIX THE RIGHT SEED FOR YOUR LAWN?

In Ohio, your lawn must withstand cold winters and hot, humid summers. Pennington® Smart Seed® Ohio State Mix consists of a premium mix of Kentucky Bluegrass, Perennial Ryegrass and Tall Fescue that are specifically designed to flourish in this climate.

FEATURED CHARACTERISTICS OF OHIO STATE MIX			IDEAL FOR NEW LAWNS OR OVERSEEDING	
sun requirement 4-6 HOURS	planting depth 1/4"	see results in 8-14 DAYS	mowing height 3"	
SUN TOLERANCE	SHADE TOLERANCE	DROUGHT TOLERANCE	DISEASE RESISTANCE	TRAFFIC RESISTANCE
GOOD	GOOD	VERY GOOD	EXCELLENT	GOOD

WHERE WILL THIS SEED GROW BEST?

■ Ideal planting zone in highlighted area

WHEN SHOULD THE SEED BE PLANTED?

Early Spring or early Fall

HOW MUCH SEED SHOULD BE USED?

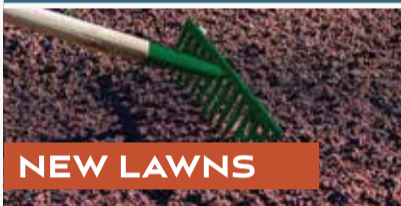

New Lawns	9 lbs / 1,000 sq ft
Overseeding	3 lbs / 1,000 sq ft

3 EASY STEPS FOLLOW THESE INSTRUCTIONS TO WOW YOUR NEIGHBORS

EN TRES PASOS SENCILLOS: Siga estas instrucciones para impresionar a sus vecinos

STEP 1

PREPARE

NEW LAWNS

OVERSEEDING

FOR BARE SPOTS/NEW LAWNS:
Remove debris, then rake the soil to loosen and smooth the top layer.

PARA ZONAS CON HUECOS O CÉSPED NUEVO: Retire los desechos y luego rastille la tierra para aflojar y suavizar la capa superior.

FOR OVERSEEDING/THIN AREAS:
Start by mowing existing grass as short as possible followed by removing debris. Then rake the soil to loosen and smooth the top layer.

PARA RESIEMBRA O ZONAS DELGADAS: Corte el césped existente lo mas corto sea posible y elimine los desechos. Luego, rastille la tierra para aflojar y suavizar la capa superior.

STEP 2

APPLY

Spread the seed evenly using a drop, rotary or hand-held spreader according to the recommended spreader settings listed. Rake gently to work your seed and fertilizer into the soil.

APLICACIÓN: Disemine las semillas de manera uniforme con un esparcador de caída, rotativo o manual, de acuerdo con las configuraciones recomendadas y enumeradas del esparcador. Rastille suavemente para que las semillas y el fertilizante germinen en la tierra.

STEP 3

WATER

Keep the soil moist by watering daily as needed until grass sprouts and reaches about 3" tall.

RIEGUE: Mantenga la tierra húmeda al regar la que sea necesario por día hasta que el césped brote y alcance alrededor de 3 pulgadas (7,62 cm) de alto.

ADDITIONAL CARE TIPS

- 1** Mow lawn when grass height reaches 3" tall
- 2** Avoid removing more than 1/3 of the total grass blade length in any single mowing
- 3** Hot summers can be stressful on your lawn; increase the mowing height during hot and dry periods to reduce stress on your lawn

MOST IMPORTANTLY - Don't kill the grass before it starts by using weed control (pros call it preemergent) on your lawn until your grass has reached its full mowing height of 3"

RECOMMENDED SPREADER SETTINGS

SPREADER TYPE	OVERSEEDING/ THIN AREAS	BARE SPOTS/ NEW LAWNS
Expert Gardener™ Push Seed Spreader	9	11.5*
Scotts® Turf Builder® EdgeGuard® Mini Broadcast Spreader	7.5	10*
Scotts® Whirl® Hand-Held Spreader	5	N/A
Sta-Green® 32-lb Broadcast Spreader	6.5	10.5*

Notice: The color green as applied to grass seed is a registered trademark that is registered in the U.S. Patent and Trademark Office by Pennington Seed, Inc. Pennington uses the safest colorant available.

Warning: Treated Seed. Do not use for food, feed, or oil purposes. Store away from feeds and foodstuffs. Keep out of reach of children. If swallowed, call poison control. This coating protects with a fungicide to help keep seeds safe from diseases that harm them.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on hard surfaces back into the lawn. Check with your local cooperative extension agency for management practices or city government to understand fertilizer regulations.

NOTICE: Arbitration/cancellation/mediation required by several states. Under the seed laws of several states, arbitration, mediation, or conciliation is required as a prerequisite to maintaining a legal action based upon the failure of seed, to which this notice is attached, to produce as represented. The consumer shall file a complaint along with the required filing fee with the commissioner/director/secretary of agriculture, seed commissioner, or chief agricultural officer within such a time as to permit inspection of the crops by the designated agency and the seedsmen from whom the seed was purchased. A copy of the complaint shall be sent to the seller by certified or registered mail or as otherwise provided by state statute.
